

## EXPLOSION KILLS TWELVE ABOARD BRITISH CRUISER

### St. Louis Plane Is Flying on its Fourteenth Day

As Machine Goes Into Its 321st Hour Pilots Jackson and O'Brine Drop Note Stating They Hope to Set Endurance Record That Will Stand.

St. Louis, July 26.—Three hundred and twenty hours of sustained flight and still whirling on with no sign of quitting was the record of the monoplane St. Louis Robin and its crew, Dale (Red) Jackson, and Forest O'Brine, at 3.17 p.m. central standard time to-day.

Indicating the continued high spirits of the fliers, O'Brine said in a note to his wife, dropped from the plane, that they had decided to set a record that would stand longer than any of the others.

"We just started where the rest left off," he wrote. "When we get through the rest won't care to start."

### BEAR DRIVES SHEEP OVER CLIFF AND 400 ARE KILLED

Boise, Idaho, July 26.—Two thousand sheep in the Boise Forest, frightened into a stampede by a bear, plunged over a cliff and 400 of them were killed, the local forest office has been informed.

The sheep, belonging to Colethorpe and Pearson of Mountain Home, Idaho, were grazing beside Fall Creek, a tributary to the south fork of the Boise River. Practically the entire band went over the cliff, but the loss was principally among fat lambs just being rounded up for market.

The loss is estimated at \$5,000.

### MOSCOW HEARS RUSSIANS BEATEN IN MANCHURIA

Hundreds Arrested, Say Reports: Hint Given of Invasion By Soviet Troops

Moscow, July 26.—Grave apprehension exists here to-day that continued provocative acts by Chinese authorities in Manchuria may force the Soviet army to enter that province to rescue Russian citizens there. Disturbing reports of continued atrocities have been received here, implicating both Chinese officials and White Russians along the length of the Chinese Eastern Railway, seized recently by the Manchurian Government from its Russian management.

The reports said mass arrests, beating and torturing of Soviet citizens had become daily occurrences, with police raiding all habitations along the railway and inflicting severe punishment on Russian laborers, who had not reported for work since the break in diplomatic relations. Forty Russians were arrested at Pogranichnaya, it was said, and taken in chains to Harbin. In all, several hundred Russians had been arrested and those still free were reported as trying desperately to return to Soviet territory.

Armed White Russian bands were said to have crossed the border, and it was feared armed clashes might occur at any moment.

### Russian and Chinese Troops Massed Near Manchurian-Siberian Border

The latest dispatches from Moscow say there is a growing fear there Russia will be driven to send troops into Manchuria to rescue Soviet citizens now being ill-treated there. Of late mobilization scenes similar to those above have been seen near the Manchurian-Siberian border. At the upper left is a picture of General Chang Hsueh-liang, Governor of Manchuria. In the circle is shown General Huhary, Russian cavalry leader, called from his vacation to direct military activities of the Soviet Government. Above, Chinese troops are shown lined up for inspection and loading artillery into railway cars. Below are shown Russian soldiers on the march.

### BIDS FILED FOR WILLOWS RACE MEETS

Offers From Three Parties Believed to Be in Hands of City To-day

Colwood Park Association Limited Denies Right of City to Intervene

In response to the city's invitation for bids for the Willows race concession three offers are believed to have been received by the corporation, up to the closing time for the tenders, at 3 o'clock to-day.

In addition to two offers which Mayor Herbert Anscomb told the Council he had received, alternative bids from a mainland group were lodged with the city to-day.

The call for tenders for the Willows race concession, set out in advertisements by the city, expressly provided that no bid need necessarily be accepted. The bids received are to be reported to a Council meeting on Monday, it was said to-day.

**CHEQUE AND BOND POSTED**  
Meanwhile, as far as it could be ascertained to-day, no settlement has been reached in regard to the city's difference with the Colwood Park Association Limited over the use of the Willows grounds.

The Colwood Park Association has tendered a cheque for \$2,100 in advance of the 1929 meet, and has also posted a \$10,000 bond in favor of the city for a faithful performance of contract, repudiating the right of the corporation to break off the arrangement entered into on January 28, 1927, for a five year use of the Willows track.

Final settlement of the Willows race issue in so far as the policy of the City Council is concerned, is expected to arise out of the regular Council meeting, to be held on Monday evening.

### Gun Blows Out While H.M.S. Devonshire is At Practice at Sea

British Admiralty Reports Accident in Eastern Mediterranean; Six-inch Gun Failure Results in Injuries to Nineteen Men.

### FRANCE TO HAVE NEW PREMIER

Poincare Resigns; Expected Briand Will Form New Cabinet

Paris, July 26.—Premier Raymond Poincare late to-night headed his resignation to President Doumergue.

Reports current in Paris to-day forecasted Poincare's resignation because of ill-health. Some rumors also mentioned dissensions in the Cabinet. It was expected Aristide Briand, Foreign Minister and several times Premier in past years, would be called on to form a new Cabinet.

The Senate's approval was the final legislative act necessary for acceptance of the debt records. Only a fourth of the debt records. Only a fourth of the debt records.

(Concluded on Page 3)

London, July 26.—The British Admiralty to-night announced twelve men had been killed in an explosion aboard the British light cruiser Devonshire in the Eastern Mediterranean to-day.

**NEW SHIP**  
The Devonshire is one of the newest ships in the British navy and has a standard displacement of 10,000 tons. The strictest secrecy was maintained by the Admiralty as to certain of the vessel's features when it was launched in 1927.

The cruiser had been in an accident previously this year. Her stern was caught by the wind and the ship swung around, colliding with a lighter as it was being moved out of a lock.

**REPORT FROM MALTA**  
Valetta, Malta, July 26.—Several marines were killed in an explosion in a gun turret aboard the British cruiser Devonshire in the Eastern Mediterranean to-day. In addition nineteen men were injured, some seriously.

The explosion, the second serious accident the British navy had suffered recently, was said to have been caused by the blowing out of one of the cruiser's new six-inch guns, the whole gun turret being blown away, while the ship was at practice.

The men killed were all Royal Marines and included a captain, two sergeants and a corporal.

### Citizens' Hopes For Success Will Speed Bromley On Long Flight Across the Pacific

Province and City Sends Best Wishes and Expressions of Confidence to Adventurous Ocean Flier Now Ready for Tacoma-Tokio Hop; Former War Comrades Also Wish Best of Luck.

### GREAT INTEREST IN JAPAN OVER BROMLEY FLIGHT

Will Give Ambassador of Good-will From America Great Reception

"Has Lieut. Bromley left yet?" was the first question Capt. K. Yoshida, master of the liner Yokohama Maru asked after he had safely docked his ship here this morning.

"We heard aboard the ship yesterday," he said, "that there was a possibility that he might hop off this morning if weather conditions were favorable."

During the voyage from Yokohama Capt. Yoshida said his ship had met with good weather, following winds helping him along. These same following winds, he explained, however would be a drawback to Bromley during his trans-Pacific flight, as they would be against him.

There is a great deal of interest in Japan over the proposed flight of the former Victorian, Capt. Yoshida said. The people of Tokio are greatly keyed up over the prospects of the landing of the flier from North America. Several times it was reported that he had left, and hundreds of people went to the field outside the city where Bromley will land if the Pacific flight is successful.

**NEWSPAPER STORIES**  
The newspapers of Yokohama, Osaka and Tokio contain front page stories every day giving details of the flight, the skipper said. Pictures of Bromley and his plane have also appeared in the papers, and the editors have given editorial comment on the flight.

Flying in the Orient is making progressive steps, Capt. Yoshida said, and flying enthusiasts hold that if Bromley's flight is successful it will mean a new era in aviation.

(Concluded on Page 3)

Making final preparations at Tacoma for the greatest event of his life, Lieutenant Harold Bromley, a native son of Victoria, was to-day the recipient of encouraging messages of confidence and good-will emanating from his home town and province.

With all eyes of the aviation world, and indeed, the whole of the reading public, focussed upon him on the eve of his impending non-stop flight from Tacoma to Tokio, Lieut. Bromley has the good wishes of everyone for success in his venture.

**CONFIDENCE**  
From the Government of British Columbia and the City of Victoria, messages were dispatched to-day bearing every hope for his success and expressing confidence that he would accomplish a deed which, among many aviation triumphs has remained undone.

Premier Tomin sent the following telegram on behalf of the Provincial Government:

"Heartiest wishes of people of British Columbia go with you for success of your venture in blazing aeronautical trail of the Pacific Ocean."

Mayor Herbert Anscomb conveyed the best wishes of the citizens of Victoria in the following message:

"On behalf of the citizens of Victoria I extend you the very heartiest wishes for the success of the trans-Pacific flight of the City of Tacoma." We shall eagerly await word of your victory and meanwhile all here are in wishing you Godspeed."

(Concluded on Page 3)

**LT. C. S. G. KEEN IS BLAMED FOR H-47 DISASTER**

Portsmouth, Eng., July 26.—Lieut. Claude Stanley Griffith Keen of the submarine H-47 to-day was held responsible by a general court-martial for the H-47 disaster of July 9. He was ordered severely reprimanded and dismissed from his ship.

More than a score of men lost their lives when the H-47 sank in St. George's Channel after a collision with the L-12.

### GREAT METEOR IS SEEN TO FALL IN LAKE MICHIGAN

Milwaukee, Wis., July 26.—A meteor of unusual brilliance streaked across the sky last night and buried itself in Lake Michigan, southeast of this city. It left a stream of flaming phosphorescence in the sky that caused several reports that a plane had fallen in flames. Twenty miles west of here the flaming fragment illuminated many miles of countryside.

Professor Edwin B. Frost, in charge of the Yerkes Observatory at Williams Bay, Wis., said the meteor was a mass of iron, set afire by its terrific speed as it entered the earth's atmosphere.

### AIRPORT NEEDS OF CITY ARE STRONGLY EXPRESSED BY CHAMBER DIRECTORATE

Full Backing of Victoria's Business Men Assured for City Council in Move for Establishment of Aviation Facilities Here; Accommodation for Both Land and Sea Machines Is Sought.

### B.C. CONVENTION OF LIBERALS IN JANUARY URGED

That Month Is Suggested For Meeting to Confirm Pattullo's Leadership

Vancouver, July 26.—The Vancouver Sun in its news columns to-day says:

"Liberals of British Columbia will probably hold a Provincial convention within the next six months. Prominent officers of the party association are strongly recommending this step for the purpose of confirming the status of T. D. Pattullo, Opposition leader in the Legislature, as leader of the party."

"Mr. Pattullo was unanimously chosen for his present position by the Liberal members-elect on the eve of the last session, the former Premier and leader having been defeated for the House and having resigned."

"The members' choice was endorsed by the executive of the British Columbia Liberal Association."

**LEADERSHIP PROVED**

"The energy and capacity Mr. Pattullo displayed in his first session in opposition won the entire support of the party and his businesslike plans for the organization of the party throughout the Province, known to members of the executive, have led them to believe the best interests of all concerned lie in having his title confirmed at the earliest possible moment."

"It is probable an executive meeting will be called for some time this autumn, when plans for a general convention will be laid. The suggestion under informal discussion is that the meeting be held in January, just before the House meets."

"It is the duty of this Chamber of Commerce to press upon the city the need for an airport,"—Capt. J. W. Troup.

"It is hard to see how the authorities can let the present license for the Victoria landing field continue in force indefinitely unless something is done to hold it."—R. H. B. Ker.

"None of the big machines which have been flying on the coast lately will be brought to Victoria unless improvements are made at the aerodrome."—B. C. Nicholas.

Above were comments of directors of the Victoria Chamber of Commerce at luncheon to-day during discussion upon the airport requirements of the city.

The firmly united opinion of the board was strongly in favor of immediate action on the establishment (Concluded on Page 3)

### Mail Time From San Francisco Is Only Seven Hours

Seven hours after mailing in San Francisco, a letter was delivered yesterday afternoon in Victoria, setting a new record for speedy communication.

The letter was received by C. T. Nelson, wholesale fruit broker, from a San Francisco fruit packing house.

The Pacific Coast airmail arrived in Seattle in time to connect with the seaplane operated by Lee Barnes in the Oriental airmail service.

The letter was postmarked 10 a.m. yesterday in San Francisco and the postmark in Victoria was 5 p.m.

(Concluded on Page 3)

### EMPLOYMENT IN CANADA IS AT HIGHEST LEVEL RECORDED

Ottawa, July 26.—Employment in Canada has reached a new high level for all time. During the month of June alone 25,198 workers were added, bringing the total on July 1 to 1,963,709. Figures were compiled by the Dominion Bureau of Statistics from 6,819 firms.

Every month this year has shown larger figures than last year. Since April the trend of employment has taken a sharp upward turn. On June 1 all previous records had been broken and the movement still continues upward.

The trend was favorable in all the provinces, the greatest expansion taking place in the prairie provinces and Quebec.

### LYDD HINDERED EGYPT POLICY

British Commons Told High Commissioner Misinterpreted Orders From London

London, July 26 (Canadian Press Cable).—Emphatically declaring there had been no change in the British policy regarding Egypt, Right Hon. Arthur Henderson, Foreign Secretary, outlined in the House of Commons to-day the circumstances surrounding the resignation of Baron Lloyd, British High Commissioner in Egypt since 1925.

The Labor Government would submit its policy for ratification by Parliament and also by the people of Egypt. Mr. Henderson promised. He declared the Government had concluded it could not pursue its policy with any confidence "if Lord Lloyd's marked determination to misinterpret or ungraciously apply the policy" was to continue.

The whole trend of the policy was for a minimum of interference in Egypt's internal affairs and liberal interpretation of the Declaration of 1922, the Foreign Secretary said.

**BALDWIN SPEAKS**  
Right Hon. Stanley Baldwin, speaking on the motion for adjournment of the House for the summer recess, said Lord Lloyd had played an important part in attempting, under the direction of the late Conservative Government, to secure a liberal settlement of difficulties with Egypt. He demanded a plain answer to these questions:

"Are the Government contemplating a new treaty?"

"Are they consulting the Dominions?"

"Do they contemplate going behind the concessions in the treaty which failed to materialize, regarding the position of soldiers in Egypt?"

"Have they consulted military and naval advisers?"

"Are the negotiations being carried on without the knowledge of the High Commissioner and have they been concluded?"

### Liverpool Cup Won To-day By Knight of Grail

Liverpool, July 25.—Knight of the Grail to-day won the Classic Liverpool Cup.

Knight of the Grail, by Prince Galahad out of Magical Music and owned by Sol Joel, won by four lengths from N. C. Beatty's Great Scot. A. K. Cox's Hartford was third.

The winner was quoted in the betting at 6-1, 10-6 to place, 7-2 to show. The race, over a distance of one and one-quarter miles, was worth £1,400 sterling.

### Nanaimo Citizens Enterprising; Times To Tell of Their Success

Ambitious Nanaimo is now hitting its stride, showing itself possessed of other rich assets besides its famed coal.

The Times in its Saturday Magazine Section to-morrow will devote a full page, with illustrations, to telling the story of how enterprising citizens of the Up-island coal city are forging their city ahead with some remarkable community developments.

Among the other features in the week-end Magazine Section of The Times to-morrow are:

Legal bars are down, but Ex-Kaiser Wilhelm does not dare risk returning to Germany.

Coeur d'Alene mine fortune of "Hecla Jim" Smith proves the cause of the Scollard row with his wife, the "Hetty Green of La Salle Street."

New facts concerning health are revealed by doctors in convention.

Robert Connell does some more exploring in the hills around Sooke and Leech River, and tells about it.

Archie M. Andrews has become a millionaire by inventing the weighing machine, from which he collects five tons of pennies a day.

The page of week-end cables from across the Atlantic.

The illustrated children's page.

The illustrated page of women's fashions and fancies.

The page of comment and news of the new books.

And, the four-page colored comic section.

### WEATHER HOLDS BROMLEY PLANE AT TACOMA PORT

Head Winds Over Pacific Delays Start of Airman For Tokio

Tacoma, July 26.—Head winds prevailing over most of the Great Circle route and predicted to continue for thirty-six hours made it highly improbable to-day Lieut. Harold Bromley would start his Tacoma-to-Tokio flight before Sunday or Monday morning.

Bromley has quite definitely decided upon an early morning takeoff. His big orange-winged monoplane, the City of Tacoma, only partly sheltered from a rainstorm that swept over the Puget Sound district last night was the subject of further adjustments to-day.

New Westminster—November 25, 1929; criminal.

(Concluded on Page 3)

**RULING SOON ON SENATE APPEAL**

London, July 26 (Canadian Press Cable).—Judgment was reserved by the Judicial Committee of the Privy Council here to-day on the appeal of five representative women of Alberta from the ruling of the Supreme Court of Canada that women were not eligible for appointment to the Canadian Senate under the terms of the B.N.A. Act.

The appeal was opposed by the Federal Government, which seeks to uphold the Supreme Court's view that women are not included in the term "persons" as used in the B.N.A. Act to describe those eligible for the Senate. While this was done, however, an intimation of favorable legislation by Parliament was given some time ago.

### COMEDY SKETCHES SERVE TO LIVE THE MOVIE-TONE FOLLIES

The comedy element of the William Fox Movie-Tone Follies of 1929, seen from that which arises from situations in the story which is interwoven into the gigantic production, is well taken care of in three black-out sketches, in two of which Stepin Fetchit, premier negro comedian, appears. The Follies is showing now at the Dominion Theatre.

The first one, called "Daniel Boone," is an all-negro number, the cast including Stepin Fetchit, Annabelle Lee, George Reed and John Lester Johnson. Johnson is the former heavyweight prizefighter, the only man who ever knocked out Jack Dempsey. He registered a "K.O." on Manassa Mauler when Dempsey was just starting his rise to the heavyweight championship. The second black-out is called "The Process Server," and was written by William K. Wells, author of George White's "Scandals" for many years and writer of scores of vaudeville acts, as well as the dialogue in the Fox Movie-Tone Follies.

### CHARACTERS FROM HISTORY APPEAR IN CAPITOL FILM

Possibly never before on the screen have so many famous historical characters been depicted in one picture as in "The Divine Lady." First National's big production starring Corinne Griffith, which is now showing at the Capitol Theatre.

With one or two minor exceptions, every character in the picture is an actual historical personage. Moreover, their actual existences have not been tampered with in the slightest degree for the sake of the story.

### WARNER BAXTER IN "COWARD" FINDS HIS TASK DANGEROUS

A thrilling scene on the screen also held its excitement for the actor, Warner Baxter, presented in "The Coward" at the Columbia Theatre.

### ENGINEER GETS THERE "ON TIME"

Vancouver Man Out With Facts That Interest the Public

Read Splendid Experience of Fred H. Redmile

Engineers are trained to be on time, and so they are as an usual thing, but there are circumstances that often cause engineers to be very late. Fred H. Redmile, engineer, who resides at 2708 5th Avenue E., Vancouver, had the habit of being late to his meals but now he always gets there "on time."

This is easily explainable. Mr. Redmile suffered stomach trouble. He had a small appetite. In fact, he didn't care if he ate his meals or not. Then he took "Keeno," the great stomach and liver medicine. It cleared away his troubles and now his appetite is immense.

THE SCREEN  
Capitol—"The Divine Lady."  
Columbia—"Tenth Avenue."  
Dominion—"Fox Movie-Tone Follies of 1929."  
Playhouse—"Not Quite Decent."  
THE STAGE  
Coliseum—Vaudeville.  
Crystal Garden—Swimming and Dancing.

It was believed that there would be no danger in this stunt, but after the actor had climbed about fifty feet from the ground, he found that too small a rope had been used and that his hands were slipping. Painfully he worked his way down while the remainder of the company held their breaths.

### CLEVER CHARACTER ACTOR HAS ROLE IN "NOT QUITE DECENT"

Ben Hewlett, clever character actor, came to the screen from the stage and his first screen appearance was as a villain in a Universal production directed by Irving Cummings in 1924.

### VAUDEVILLE ACTS PLEASE COLISEUM PATRONS THIS WEEK

With six acts of vaudeville on the stage and a feature picture entitled "The Sawdust Paradise" starring Esther Ralston, as well as the Schmelling-Uzudun fight pictures on the screen, the management of the Coliseum Theatre is pleasing all who attended the theatre so far this week.

Under the direction of a capable master of ceremonies, the vaudeville acts are run off smoothly and succeed in entertaining the theatre patrons for an hour. A clever banjoist, billed as Miss "Marj," renders classical and popular airs on her instrument; three members of the talented McLean family, Jean, Isabelle, and Duncan, dance and sing; Miss Dorothy Glover appears in a Russian and acrobatic dance; The Little Sisters play duets on the pianos, and Maymirth, well-known ventriloquist, appears with his dummies.

The picture is a story of a cheap traveling circus, in which beautiful Ralston is the leading attraction. A splendid cast supports the star and the plot is gripping and interesting.

### VALENTINO

The name of Valentino may flash again upon the silver screen. Jean Giglietto Valentino, fourteen-year-old nephew of the late Rudolph Valentino, here is pictured as he arrived in New York from Italy in quest of film laurels. He announced he hopes to take shell "vies in Hollywood pictures."

### Brentwood

Mr. and Mrs. Ellis McLean and family, of North Vancouver, are spending a few weeks holiday at their cottage, The Rutland, on March Road.

Mr. and Mrs. Allan Johnson and daughter, of Seattle, are guests of Mrs. E. Sarup, Marchant Road.

Mr. and Mrs. Croxson and son are spending a holiday at their summer cottage, The Nuggett.

Roddy McLean, is spending a short holiday with his friend Jack Rutan before leaving with his family for Ottawa.

Mrs. Ruth and sons, Wallace and Jack have arrived from Portland, Oregon, to spend a holiday with Mrs. Ruth's parents, Mr. and Mrs. W. O. Wallace.

Mr. and Mrs. Nelson have returned to Victoria after a week's holiday with Mr. and Mrs. S. Haddon.

San Francisco, July 26.—Suit for \$9,000,000 damages was filed in federal court here against the Penn Mining Company Inc., of Wyoming, by J. G. Philson, acting as administrator of the estate of Peter Emmet Gallagher. The complaint charges the company mined land in Calaveras County and illegally removed 100,000 tons of copper, gold and silver ore, valued at \$3,000,000. She asks to recover a sum treble that amount.

## REPORT SHOWS INCREASE IN OAK BAY FUNDS

For First Six Months of Year Finances Shows Gain of \$10,000 Over 1928

A substantial increase of over \$10,000 in the revenue receipts for the first half of the year as compared to the same period in 1928 was noted in the semi-annual report of Municipal Treasurer F. B. Blandy, which was read to members of the Oak Bay Council at the regular meeting last night. Reeve Hayward and all the councillors expressed themselves as satisfied with the report and took it to mean that Oak Bay was steadily advancing as a residential district, most of the revenue coming from the home taxpayers.

### EXECUTION TO-DAY AT REGINA JAIL

Regina, July 26.—William Hugh McGill was admitted to the prison Megill was admitted to the prison July 7, 1928. After his first trial at Shaanavon an appeal was granted, the death sentence again being passed.

## SMALL ISLAND LEFT OAK BAY

Mary Tod Island Bequeathed Municipality By Late John A. Virtue

That Mary Tod Island, only a few hundred feet from the shore of Beach Drive, near the Oak Bay Hotel, was bequeathed to the municipality of Oak Bay by the late John Alexander Virtue, was learned by members of the Oak Bay Council last night when a letter from S. J. D. Clark of the Royal Trust Company was read at the regular meeting of the council.

### TO PRESERVE BEAUTY

In his letter to the council Mr. Clark stated that Mr. Virtue had left the island in trust for the residents of Oak Bay upon the condition that no buildings be erected upon the property.

or other use made of it which would mar or spoil the beauty of the surrounding scenery. The late Mr. Virtue the letter said, had always had a desire to preserve the natural beauty of Oak Bay at that particularly advantageous point.

All duties under Mr. Virtue's will, the letter said, are payable out of the residue of the estate, so there will be no duties payable by the corporation of Oak Bay on the bequest made in its favor.

Clear Sailing

For hot days, put away everything you can possibly do without. With tables, piano, bookcases, dressers and closets cleared, the whole house seems cooler.

### Standards of Work Are to Be Upheld

Winnipeg, July 26.—Deliberate recruiting of "cheap" labor from overseas by Canadian employers will not be encouraged by the present Government of Canada, Hon. Peter Heenan, Minister of Labor, intimated in an address to members of the Winnipeg Liberal Association, at a luncheon in his honor here yesterday. Mr. Heenan told of one firm in the country that had recruited labor from overseas at lower wages and longer hours than the local workers. A stipulation being made that the workers would not join a trade union in Canada.

"I am satisfied the Canadian people do not want that sort of thing, and

as long as I am Minister of Labor I am not going to stand for it," he declared. Mr. Heenan added he hoped there would be long, but an announcement that would put an end to the practice.

### Hague Is Chosen For Conference On Reparations

Brussels, July 26.—Paul Hymans, Minister of Foreign Affairs, of Belgium, informed the British and French Ambassadors here to-day that the Belgian Government had accepted the Hague as the seat of the conference of the government on application of the Young reparations plan.

"Unless we have the proper facilities here for planes we cannot expect air companies to include the city in their routes," he added. "Other cities have expended huge sums to provide accommodation for visiting aeroplanes."

EVERY ASSISTANCE  
"The members of our committee will give every assistance to the city in bringing the project to a successful conclusion," he concluded.

A second resolution from the committee, advising that there existed the "possibility of an established seaplane concern in Seattle commencing a regular service between that city and Victoria, providing proper terminal facilities are installed in Victoria," and that in this connection the City Council should be requested to follow up the matter, was also approved.

Mr. Ker outlined negotiations which the city already had under way to provide seaplane facilities near the Outer Wharf. Application had been made to the Federal Government to have a site designated for the purpose and this action was now pending, he said.

### INDUSTRIAL LINK

Support of the industrialists of the city was also behind the proposal. It was shown in a resolution from the industrial group of the Chamber pointing out the committee felt the industrial welfare of Victoria was very closely bound up with the development of aviation and that it was "of great importance that an airport be provided in Victoria at the earliest possible date."

Considerable discussion centred around these reports and the importance of Victoria immediately locating itself properly on the aviation map was stressed.

It was decided to pursue the matter with the council, the probability being that the aviation group would meet the council itself.

## DUNCAN SCHOOL GYROS PREPARE COSTS ISSUED TO GIVE SECOND PLAYING FIELD

Half-year Tabulation Shows City's Share \$6,645; North Cowichan Pays \$7,760

Three Appointments to Teaching Staff Are Made By School Board

Duncan, July 26.—The half-yearly report of the Duncan Consolidated School shows receipts and expenditures for the six months ending June 30 were closely aligned with the estimates.

Salaries, maintenance, supplies and repairs were as follows: High School, \$5,983.40; elementary school, \$9,098.47; York Road School, \$767.20.

Other disbursements include: Transportation, \$3,597.40; advertising and printing, \$23.73; general expenses, \$896.45; office expenses, \$273.03; school grounds (includes fuel), \$142.69; school debt, \$397.82; school nurse, \$652; playing field, final payment, \$406.60.

The total expenditure was \$21,018.55. To meet this there were the following receipts from other sources than taxation: Per capita grant for six months, paid by the Government for seventeen teachers, including school nurse, at \$520 per annum, \$4,420; contribution towards costs of transportation, \$1,795.20; high school fees collected, \$398; a total of \$6,613.20. A balance of \$14,405.35 must be covered by taxation. This balance is apportioned between the two municipalities according to the number of children attending the schools, the city of Duncan being liable for \$6,645.30, and North Cowichan responsible for \$5,957.86, plus net costs of transportation, \$1,902.20, making a total for that municipality \$7,760.06.

### NEW APPOINTMENTS

Miss Tucker of Victoria was appointed to the staff of the Consolidated School, replacing J. Rosa, who resigned to accept a position in Victoria. The new appointee has three years' experience and will receive a salary of \$1,050.

Vernon Smith of Victoria was appointed to fill the post vacated by L. C. Curtis, who is continuing his university studies. Mr. Smith's last position was at Livingston School, Vernon. He has a first class certificate, is interested in athletics, especially football, and plays the violin. Mr. Smith is married and will receive a salary of \$1,050.

Miss A. S. McEwan was selected to fill the vacancy in the primary school.

### AIRPORT NEEDS OF CITY ARE STRONGLY EXPRESSED BY CHAMBER DIRECTORATE

(Continued from page 1)

of a port and every assistance to the City Council in furthering the project was assured.

### PROPER FACILITIES

Mr. Ker, reporting for the Chamber's committee, recommended to the board that the "City Council be prevailed upon to take such steps as will provide Victoria with a proper airport and falling this that general notification by given by the city that it would be dangerous for aviators to use the present licensed field for landing and taking off."

There was no suggestion, Mr. Ker said, that a large sum of money should be spent upon the field, but it was understood the city would be able to secure the lease with the expenditure of a few thousand dollars put it into proper shape. No commercial firm was in the position to do such a thing, he pointed out, whereas the city could take the initiative in putting it through.

"Unless we have the proper facilities here for planes we cannot expect air companies to include the city in their routes," he added. "Other cities have expended huge sums to provide accommodation for visiting aeroplanes."

EVERY ASSISTANCE  
"The members of our committee will give every assistance to the city in bringing the project to a successful conclusion," he concluded.

## GYROS PREPARE COSTS ISSUED TO GIVE SECOND PLAYING FIELD

Mayor Busby Opened Nanaimo's First Playground on Wednesday

Hundreds of Children Enjoy Novel Amusement Features Provided

Nanaimo, July 26.—A second playground, fully equipped, will be given the children of Nanaimo as soon as the Gyro Club has raised the required funds, George Knarston, president of the Nanaimo Gyro Club, announced on Wednesday evening, when formally handing over to the city of Nanaimo its first children's playground, created by the Gyro Club on part of the Comox Road Park.

The new playground, to be known as Nanaimo Gyro Playground No. 1, was formally opened by Mayor Busby in the presence of a large audience at 7 o'clock on Wednesday evening. Senator Planta was one of the group of leading citizens of Nanaimo who voiced appreciation of the work of the local Gyro Club and the generosity of the Nanaimo Lumber Company, who donated the lumber and wood materials used in the erection of the bandstand and rest room.

### CHILDREN GET TREAT

Following the speeches the hundreds of children present were regaled with unlimited ice cream and soft drinks and then given unrestricted use of the swings, ocean wave, swimming pool and chutes, all permanent features of the equipment of the new playground.

A band concert rendered from the new stand concluded the evening's programme.

## SASKATCHEWAN LEADER WOULD FORM CABINET

Anderson and Followers Urge Governor to Ask For Minister's Resignation

Regina, July 26.—On behalf of his following in the newly-elected Legislature of Saskatchewan, Dr. J. T. M. Anderson, leader of the Conservative Party, Progressive and Independent members, this morning presented to Lieutenant-Governor Newlands a petition asking for immediate dismissal of the Gardiner Government. The petition, signed by thirty-five members, said the Gardiner administration had a following of only twenty-six and had called a meeting of the Legislature for September 3, which would entail expense for the province. The petition further claimed a session was unnecessary and that should it be held it would be short-lived because of the disunity of the Government. The petition, signed by thirty-five members, said the Gardiner administration had a following of only twenty-six and had called a meeting of the Legislature for September 3, which would entail expense for the province. The petition further claimed a session was unnecessary and that should it be held it would be short-lived because of the disunity of the Government. The petition further claimed a session was unnecessary and that should it be held it would be short-lived because of the disunity of the Government.

### LLOYD HINDERED EGYPT POLICY

(Continued from page 1)

TREATY DISCUSSION  
The former Premier also declared Parliament should consider regarding any treaty involving treaty changes in concessions to Egypt beyond those of the draft treaty of 1927.

The whole trend of Sir Austen Chamberlain's policy in Egypt had been for a minimum of interference in the internal affairs of Egypt and a liberal interpretation of the declaration of 1922.

WILL ASK APPROVAL  
Foreign Secretary Henderson said the Labor Government, which hoped to submit its policy to Parliament, had concluded it could not pursue its policy with any degree of confidence if Lord Lloyd's marked determination to misinterpret or ungraciously apply the policy was to continue.

Mr. Henderson undertook not to enforce the policy until it had been submitted for ratification by the people of Egypt and by the British Parliament.

The Government was not taking any step involving the Egyptian treaty without further consultation with the Dominions, he also said.

### RESPONSIBILITY RECOGNIZED

A conspicuous part of the policy of each British Government, including the former Labor Government, had been a tendency to raise the Egyptian question above party and to keep always in mind the great responsibility that rested upon the British Commonwealth of Nations, Mr. Henderson continued.

Mr. Henderson added that after the return of the Egyptian Prime Minister to Paris, after a London visit, he himself had had conversations with officials of the Foreign Office. He had immediately asked for a Cabinet committee to consider the whole question.

The first meeting of the Cabinet sub-committee to consider the proposals with the intention of reporting to the Cabinet had been held last Monday. That would dispose of the charge that the Government had been negotiating, Mr. Henderson said.

The High Commissioner, during the larger part of the time that had elapsed since Mr. Henderson had had the conversations with the Egyptian Prime Minister, had either been in Syria or travelling to England, Mr. Henderson went on.

MESSAGE WAS SURPRISE  
Within a few days of his taking office Mr. Henderson, as Foreign Secretary, had received a communication from Lord Lloyd. He had been much struck by the language and spirit underlying it, he said.

### EGYPTIAN CABINET CRITICIZED

Cairo, Egypt, July 26 (Canadian Press Cable, Via Reuters).—"The logical conclusion to be drawn from the withdrawal of Lord Lloyd as British High Commissioner in Egypt is that the Labor Government does not favor negotiations with the present dictatorial Egyptian Cabinet, but with a freely chosen democratic government resulting from free parliamentary elections," says the newspaper Al Balagh, commenting on Lord Lloyd's resignation.

## NANAIMO TO MEET DUNCAN BASEBALL TEAM ON SUNDAY

Mining City Squad Face Crucial Game of Season This Week-end

"Youngsters" Defeat "Oldsters" in Comedy Softball Game

Special to The Times:  
Nanaimo, July 26.—Facing one of the most important games of the present season, the Nanaimo baseball team will meet Duncan here on Sunday at 3 o'clock in a Vancouver Island League fixture. If Nanaimo can win this game it will put them in a very advantageous position with a good chance of winning the northern section of the league.

Thus far, courtesy, the league leaders, have won six games and lost three, while Nanaimo have won six and lost four.

OLDTIMERS PLAY SOFTBALL  
The adage that "youth must be served" was fully proved here Wednesday night when the "youngsters" defeated the "oldsters" in a comedy game by 19 runs to 4. It was a complete reversal of form and a big surprise to both the fans and the oldtimers.

The oldtimers paid for their carelessness in leaving off one or two of their regulars when arranging the lineup, but they promise that for the third and concluding game of the three-game series they will be at full strength.

Grassie, for the oldsters, seemed to use his task too lightly. "Peaches" Piper pulled off a feat of the game when he hauled down a line drive by Diebolt of the youngsters, and he also had three putouts and nine assists to his credit. Pitts, the catcher; Boyl, third base, and J. Ryan, left field, were also good.

Mulholland, as umpire, was as the kids say, "the bunk," evidently trying hard to live up to his remark previous to the game that he knew more about basketball than softball. The teams and spectators both agreed with him after the game.

CITIZENS' HOPES FOR SUCCESS WILL SPEED BROMLEY ON LONG FLIGHT

(Continued from page 1)

The 48th Battalion, with which Lieut. Bromley was connected during the Great War, has also joined in the general good wishes for his success. Sergeant-Major Thomas Crabtree, of this battalion, last night forwarded a telegram to the adventurous flier conveying the hopes of his former comrades in arms. Lieut. Bromley left Victoria with the 48th Battalion on June 25, 1915, when he was only sixteen years of age.

Confidence in Bromley's ability as a pilot has been expressed by Alex. Holden, another former Victorian, who is now vice-president of the Alaska-Aeronautical Corporation, he wanted to learn piloting. Without more ado, he entered training and came out a capable aviator, according to his instructor.

"Bromley was methodical from the start," Holden says. "He was not impulsive from the standpoint of learning fast, but he was thorough and eagerly absorbed information. He was a regular question machine."

Plane With Premier Leaves B.C. Coast For The East, But Returns

Vancouver, July 26.—Low flying clouds encountered near Hope and in the valley caused the Western Canada Airways Limited tri-motored plane which left Vancouver at 9:40 o'clock this morning to turn back. The machine landed at the city's temporary airport shortly after noon.

Visibility was so poor in the mountains near Hope that it would have been unwise to attempt the crossing. W. T. Brintnell, operating manager of Western Canada Airways Limited, stated when the machine landed at the city's temporary airport shortly after noon.

Premier Bracken, of Manitoba, who flew from Winnipeg, was again a passenger aboard the plane to-day.

### FRANCE TO HAVE NEW PREMIER

(Continued from page 1)

mal decree by President Gaston Doumergue is now necessary to make the settlements part of the law of France. The Senate adopted a separate resolution of reserve to the ratification almost unanimously. There was only one contrary vote. The resolution was similar to that passed in the Chamber requesting the Government to take care that Germany's reparations payments under the Young plan should always be available for foreign debt payments.

MAY GO TO EGYPT  
London, July 26.—While no decision has been made as yet regarding the appointment to the vacant post of British High Commissioner in Egypt, Sir Percy Loraine, British Minister to Greece, is mentioned as possible successor to Lord Lloyd.

### BRITISH PARLIAMENT RISES TILL OCT. 29

London, July 26.—Both Houses of the British Parliament adjourned this afternoon until October 29, after an animated session in the House of Commons over the question of Egyptian policies and the forthcoming reparations policy conference.

## BENNETT STARTS HIS TOUR OF B.C.

Federal Conservative Leader Speaks at Spillimacheen and Revelstoke

Golden, B.C. July 26 (By Thomas Green, Canadian Press Staff Correspondent).—Hon. R. B. Bennett left here this morning to resume his speaking tour through this province. To-night the Federal Conservative leader is billed to speak at Revelstoke. It will be the second speech of his present tour of British Columbia. His first engagement was at Spillimacheen yesterday, from which isolated point he arrived here at midnight.

In his address yesterday the Opposition leader claimed that not only the fruitgrowers of the Okanagan Valley, but of the Niagara Peninsula and other parts of Canada, were suffering as consequence of the dumping of surplus products into this country from the United States. The vegetable growers of British Columbia, Ontario and Quebec likewise were handicapped, he said.

He gave his views as to how tariffs, drawbacks and bounties should be utilized for the protection of Canadian industry and workmen.

"I say once more," Mr. Bennett said, "that a government which governs Canada, however it may be constituted, must be a government whose only concern is Canada. We shall never succeed if that is not done."

## New Telephone Rates Debated In Vancouver

Real pharmacists and chemists everywhere know that McCoy's Cod Liver Extract Tablets contain just the proven essential ingredients that increase weight, create appetite, build up the power to resist disease and put good solid flesh on skinny men and women.

So now men and women who keep up with the times are taking McCoy's Cod Liver Extract Tablets — rich in health building, strength creating flesh producers and as easy to take as candy.

So why not start to-day? Why not fill out those deep hollows in neck, cheeks and chest? Why go on through life with sunken cheeks and narrow chest when you can take advantage of this straightforward offer.

Try them for thirty days! You want to gain five pounds or more. And bear this in mind, if they don't help you in that time your money will be refunded. Sixty tablets 60 cents—Economy Size, \$1.00. At MacFarlane Drug Co., Vancouver Drug Co., Owl Drug Co. and druggists everywhere.

## Vancouver Drug Co.

FORT AND DOUGLAS

Billings, Mont., July 26.—A vagrant breeze that brushed canvas against a lighted gasoline stove brought death to Russell, ten-month-old son of Mr. and Mrs. C. J. Fleming, as he lay asleep in a baby carriage in a tent at the tourist park here yesterday. The baby was alone in the tent when the fire started. The mother had put him into his buggy for his morning nap while she went for the family's groceries at the camp store, a short distance away. Two small brothers were playing nearby. The family came here from Chicago.

## Boy Hurrying To See Pilot Bromley's Plane Loses Life

Tacoma, Wash., July 26.—A fourteen-year-old Tacoma boy sacrificed his life yesterday morning in a vain effort to see Lieut. Harold Bromley make a test flight in his monoplane the City of Tacoma.

Clinton (Honey) McCarthy, son of Mr. and Mrs. S. D. McCarthy, was instantly killed at 9 a.m. in the freight elevator of an apartment building while helping Jack Fjetland, dairy driver, who had promised to take him to Tacoma Field to see the take-off scheduled for the morning.

The boy volunteered to take the milk to the third floor of the apartment building and started to do so, after the milkman had warned him not to use the elevator. The boy disregarded the warning and was killed when he was caught between the freight elevator and a beam as he prepared to stop at the third floor.

### GETTING TOGETHER

**PREMIER MACDONALD'S STATEMENT**  
in the British House of Commons and President Hoover's statement at Washington may be taken as an assurance to the English-speaking peoples that Great Britain and the United States intend to reach an agreement on the question of naval armaments which will enable the two countries to work together for a new world outlook towards peace.

Through her Prime Minister, Great Britain has given notice that five ships have been dropped from the British naval programme, and through its President, the United States has given notice that its cruiser programme—which attracted considerable attention some time ago—will be delayed until it may be reconsidered in the light of developments which are expected to take place at an early conference with Great Britain.

The action the British and United States Governments have taken is the most significant and promising move towards practical peace the world so far has seen. It is abundantly clear that both Mr. MacDonald and Mr. Hoover are in earnest. They are following a course which they indicated they would follow when both were asking the voters in their respective countries to elect them to the high offices they now occupy.

The nature of Mr. MacDonald's statement no doubt was a surprise to many people. He was able to assure the House of Commons that instead of finding the Admiralty—the naval experts—in a mood hostile to his designs, he found the officials of that service willing to co-operate with him and his colleagues in the Cabinet. "We are indebted to the Board of Admiralty," said the Prime Minister, "for the help they have rendered, and I desire to say of them that, having expressed their technical views on the minimum of armaments which they considered necessary, they have furnished us with loyal help toward achieving our objective with the least possible dislocation and hardship."

It is not necessary to recall, of course, that proposals to curtail the naval services often have been fought by the Admiralty. Nor need it be emphasized that—as is apparent from the Premier's statement to which we have referred—the board now seems to realize that public opinion in Great Britain is demanding less expenditure upon armaments, and that no attempt to frustrate that desire will be tolerated.

Mr. Hoover's statement—which, by the way, fitted into the ceremony of proclaiming the Kellogg anti-war treaty—clearly indicates the thoroughness of the interchange which has gone on between Downing Street and Washington. Indeed, it seems reasonable to predict now that the world very soon will witness the conclusion of an understanding between two branches of the English-speaking world which not only will remove all possibility of war between them, but also will develop into a more potent agency for universal peace than any other arrangement could be.

It must not be supposed that the objective which Mr. MacDonald and Mr. Hoover have set for themselves will be reached without a good deal of discussion. In the matter of naval requirements the position of the two countries differ considerably. But the guiding principle is clear, and as long as the spirit of give-and-take shall be allowed to dominate the conference table, success should attend their efforts.

### CANADIAN PROGRESS

**OUR GROWTH OF POPULATION** OF more than one million since 1921 reminds us of the general progress which this country has made in the eight-year period. When the present Government at Ottawa assumed office the balance of trade against the Dominion was \$30,000,000, in spite of the fact that the post-war boom was at its height.

Since 1921, however, our trade has developed at a greater rate per capita than that of any other country in the world. We have risen to the position of fifth trading nation and second in exports per capita. Adverse balances have disappeared, and for the six years of trading, 1922-1927 inclusive, the balance in our favor with the rest of the world totaled no less than \$1,236,700,000.

In this period of expansion, moreover, the Government, by wise financing and policies in the interests of the country, has been able to reduce the national debt by nearly \$300,000,000, a sum approximately equivalent to the country's debt before the war. It also has been able to reduce taxation under many heads; yet it also has been able to increase departmental revenues.

The gradual rise of Canada's prosperity may be traced in many ways. Perhaps the most illuminating statistics are those relating to employment, and they, of course, are as convincing as any. The following table shows the index for 1922 compared with that of 1928 and up to June 1 of this year:

	1922	1928	1929
January 1	78.8	100.7	109.1
February 1	79.9	102.0	110.5
March 1	82.9	102.6	111.4
April 1	81.8	102.3	110.4
May 1	84.9	106.8	116.2
June 1	90.3	113.9	122.4
July 1	92.2	117.7	
August 1	94.2	119.3	
September 1	94.8	119.1	
October 1	95.8	118.8	
November 1	97.0	118.9	
December 1	96.0	116.7	

It should be noted in connection with the above that the Dominion Bureau of Statistics takes the average of employment of 1926 as its basis of calculation and represents that employment by 100. It may be put another way. The condition of employment month by month is expressed at so much per cent. of the average of employment in 1926. Thus, at the beginning of 1922, when the present Government had

just taken office, the index of employment at that time was just 78.8 per cent. of what the average became in 1926; and now employment is 122.4 of the average of 1926.

Building statistics similarly are eloquent of Canadian progress during the last eight years. As an illustration, we may refer to the first half of the year. The latest report shows that a higher level was reached than at any period on record at the office of the Dominion Bureau of Statistics. The aggregate value of permits issued by sixty-one cities was no less than \$124,188,514, or 21.7 per cent. higher than the same six months in 1928, which was the previous high mark. The increase in the value of permits issued in June, by the way, was 15.1 per cent. over that of May, and an increase over June of a year ago of 21.5 per cent.

In support of the cold statistics we have quoted, we also have the general statements of our financial leaders. This is how the Bank of Montreal's recent monthly letter summarized that institution's view of Canadian progress for the first half of this year:

In the half-year drawing to a close, Canadian commerce, in nearly every branch, has reached a higher peak. Foreign trade, railway traffic, manufactures, mining, building operations and agriculture in the large have been of greater volume, and value than ever before. Employment has never been more brisk, nor balance sheets better. Diffused prosperity, the rising tide of which set in five years ago, continues. A relatively large programme of railway construction has been entered upon, development of water-power and mineral resources is unabated, new manufacturing industries are being planted in the Prairie Provinces, and a distinct improvement in business has been brought about in the Maritimes by preferential railway rates.

What was apparent to the officers of the Bank of Montreal obviously was apparent to the officers of the Royal Bank. This is how the latter's summary begins:

From all parts of Canada there are satisfactory reports concerning the high level of business activity, although there are a few lines, such as automobiles, where the midsummer recession is beginning to be felt. Building contracts for the first five months of the year exceeded the high records made in 1928; iron and steel production is at a maximum, and flour mills are turning out a larger volume than in recent years. The mining statistics for the first quarter of the year show a substantial gain over the record attained in 1928, and forecasts for total production for the year are optimistic.

It is important that the people of Canada should take note of the prosperous condition of their country as proved conclusively by the official records. It is more important that they should study these facts now, because they are being told by Mr. Bennett, leader of the opposition in the House of Commons, who now is on a speaking tour of this Province, that there is "soaring unemployment" and that this Dominion is fast dropping to the position of an economically-dependent nation. The facts wholly disprove the statement. Query: If Canada is in the condition Mr. Bennett says she is in, what must have been her condition when Mr. Bennett's party was in office, when her annual trade balance was thirty millions to the bad?

### MR. GARDINER'S POSITION

**IT IS NOT UNNATURAL THAT DR.** Anderson, the leader of the Conservative Party in Saskatchewan, should desire to be called upon to form a new Government for that province, since he says he will be able to command thirty-five votes in the next Legislature, compared with Premier Gardiner's following of twenty-six. But in asking the Lieutenant-Governor to dismiss the present Government on this account, he is suggesting something to the representative of the Crown which he will hesitate to grant.

What Premier Gardiner does is his own business. From the constitutional standpoint he is within his rights in insisting upon meeting the Legislature. It may be poor tactics, and somewhat ungracious on his part, for it looks as if certain defeat awaits him in the House. His resignation now, of course, would save the province considerable expense. Incidentally, Mr. Gardiner may be reacting to pressure from within his own party.

### WHAT OTHER PAPERS SAY

#### THE Sissy

The Philadelphia Inquirer

It strikes us that that man who shot his wife because he loved her invaded the domain of woman's prerogatives.

#### BRITISH FACTORIES FOR CANADA

The Saint John Telegraph-Journal

A number of acute British observers have lately expressed the view that British investors and manufacturers have not realized their opportunities in Canada, not merely in relation to the sale of British goods, but establishing branch factories in the Dominion. Such action would be of immense benefit to Canada, and therefore to the Empire. This country is steadily enlarging its export of manufactured goods. It is no longer concerned merely with the export of natural products. British capital invested in Canadian factories for export trade should find a good field, and by expansion of our foreign trade strengthen the position of the Empire in an economic sense.

#### FOGS AND INFLUENZA

The Manchester Guardian

(The Director-General of Health in Australia has established the fact that the influenza epidemic of last winter started in the Friendly Isles in the South Seas from which salubrious archipelago it made its way all over the world.) Those who imagine that influenza is a specific product of a foggy winter and that the English climate can once more take all the kicks must revise their views. The beachcomber who basks all day in the unlimited sunshine of a coral island is in even greater danger than the urban Englishman going to the crowded office in the soaking rain. We are but the residuary legatees of the pestilences bred in the islands of the blessed. Science may hunt the bacillus thus far, but what can it do when it has finally discovered the lair and can read learned papers on where the germs go in the summer-time? Are we to draw a sanitary cordon round the Pacific and keep our fogs uncontaminated by South Sea bacilli? It would be nice to try, for the part of the globe whose exports are the ukulele, the influenza, and innumerable short stories about beachcombers and dancing girls is not deserving well of humanity. These islands were called the Friendlies by hopeful pioneers, but they may have to be rechristened in the light of a feverish experience.

### A THOUGHT

But when the sun was up, it was scorched; and because it had no root it withered away.—St. Mark iv 6

The most brilliant qualities become useless when they are not sustained by force of character.—Segur.

### Loose Ends

Mr. Maxton learns all about campaign funds—and finds he doesn't need many—The Amish farmers flee civilization—Strange tidings come from Geneva—and England's offspring prove numerous.

By H.B.W.

**OVER** IN England they have learned through the centuries to do things which we take countless years to equal. No more perfect illustration of this fact could be found than the case of Mr. Paxton, whose official returns show that he spent the sum of £75 for campaign funds in the recent general election. To any man running for the Canadian Parliament this seems incredible. And yet it has been found on investigation that Mr. Paxton did not achieve a record as many supposed.

**ONE** J. Harrington was far more canny in an election in 1646, when, of course, politics, like everything else, was cheaper. The father of Mr. Harrington gave him £4 to cover the cost of his election in Bath. After the poll Mr. Harrington recorded his expenses in these memorable words: "I gave the city messenger two shillings for bearing the mayor's letter to me. Laid out in all £3 seven shillings for victuals, drink and horse hire, together with divers gifts." Divers gifts in those days apparently did not cost as much as they do now, while Mr. Harrington would have been able to buy victuals and drink for his whole constituency at the present-day cost of hiring a hall.

**STILL MORE** remarkable, in its way, was the record of Tom Collins, a mid-Victorian member for Kennerly borough. He avoided hall rent by holding his meetings in the open air; he printed no pamphlets and depended on the town crier to carry his burning message to the electors. On one occasion when the town crier fell asleep (but not from Mr. Collins' vituperations or, for there was none of either), the candidate himself took up the bell and marched through the town shouting, "Oyez! Oyez! Oyez! This evening Mr. Tom Collins will address the electors." He had a large and appreciative audience. Mr. Collins demonstrated a fact which is well known to everyone else but somehow has escaped the attention of campaign managers, namely, that if a party has the electorate with it big campaign funds are not needed; and if the electorate is against it all the money in the mint is quite useless.

**IN KANSAS**, until the other day, dwelt the hardy spirits who refused to drink the bitter-sweet of our civilization. These were the members of the Amish cult, frugal, successful farmers. The Amish people no longer live in Kansas. They have moved in a body away to New Jersey, Virginia and Maryland, because they refuse to adopt the mechanized life of the white-china age. They insist on farming with horses instead of tractors, they object to insurance, and they abhor radios, phonographs and musical instruments of all kinds. In the less civilized eastern states they hope to find a blessed land where there are none of these things and where they can live their own lives in the ways of their fathers. And so they are trekking eastward, these dauntless folk, and with them will go in spirit thousands of us less courageous people who are pestered with insurance agents, who despise gramophones, who have to listen to radios and are cured with a telephone in the apartment next door—and all because we are more civilized than the rough Amish farmers.

**AN IDEA**, as history has frequently shown, is much harder to conquer than the largest army. Nine years ago the United States decided by ballot that it would have nothing to do with President Wilson's League of Nations, and if you had been on Broadway, New York, during the last days of that famous campaign you would have heard scores of well-paid party orators declaring that never, no never, would the United States ever entertain European entanglements. Since then these declarations have been echoed and re-echoed and leaders of the victorious Republican Party have labored to prove that each was further away from Europe than the other.

**THIS WEEK** from Geneva came strange tidings. At Geneva the Assembly of the League of Nations will meet in September for its annual session and already the city is crowded with people anxious to witness this event. So many reservations for hotel accommodation have been made months in advance that in Geneva to-day you cannot get a room for love or money. Two months before the date of the Assembly meeting one gentleman, thinking to make arrangements well in advance, found he was lucky to get an alcove just under the roof of a second-class hotel and at a price usually charged for the best room and bath. But the interesting part of all this is that while the American Government blinks at the League, thinking to make arrangements well in advance, found he was lucky to get an alcove just under the roof of a second-class hotel and at a price usually charged for the best room and bath. But the interesting part of all this is that while the American Government blinks at the League, thinking to make arrangements well in advance, found he was lucky to get an alcove just under the roof of a second-class hotel and at a price usually charged for the best room and bath.

**ENGLISH STUDENTS** have been puzzling of late over the genealogy of their race to discover a parallel to the Oxbridge man whose second wife recently presented him with his twenty-seventh child. The only case which appears to them comparable is that of Dame Mary Honeywood, who in the seventeenth century, had sixteen children and lived to see 114 grandchildren, 238 great-grandchildren and nearly a dozen great-great-grandchildren. Altogether

### KIRK'S WELLINGTON COAL

"Does Last Longer"

this remarkable lady at the age of ninety-three, had seen 367 of her own descendants and no doubt experienced some trouble in remembering them all at Christmas.

**MOST** OF us are spared this difficulty, but in the course of time our offspring will become just as numerous as that of Dame Honeywood. It is curious to think that a hundred years from now there may be a thousand boys and girls bearing your name, inheriting your character, and perhaps even having some vague record of your existence. And in two hundred years countless people who will be blessed or handicapped by the heritage of your character. The way a man lives now, therefore, is rather important.

### The Weather

Daily Bulletin Furnished by the Victoria Meteorological Department

Victoria, July 26.—5 a.m.—The barometer is rising on the coast and showers have been falling southward to the Columbia River. Fine, hot weather continues in the prairies.

**Reports**  
Victoria—Barometer, 30.03; temperature, maximum yesterday, 65; minimum, 52; wind, 20 miles W.; rain, .03; weather, fair.  
Vancouver—Barometer, 29.98; temperature, maximum yesterday, 74; minimum, 52; wind, calm; rain, .16; weather, cloudy.  
Ratons—Barometer, 29.92; temperature, maximum yesterday, 54; minimum, 50; wind, calm; rain, .20; weather, cloudy.  
San Francisco—Barometer, 29.96; temperature, maximum yesterday, 60; minimum, 60; wind, 10 miles N.W.; rain, .20; weather, cloudy.  
Tatoush—Barometer, 30.02; temperature, maximum yesterday, 58; minimum, 54; wind, calm; rain, .72; weather, clear.  
Portland, Ore.—Barometer, 29.96; temperature, maximum yesterday, 60; minimum, 60; wind, 4 miles S.W.; weather, cloudy.  
Beaumont—Barometer, 30.06; temperature, maximum yesterday, 72; minimum, 56; wind, 10 miles S.W.; rain, .02; weather, cloudy.  
New Orleans—Barometer, 29.96; temperature, maximum yesterday, 64; minimum, 54; wind, 20 miles S.W.; rain, .06; weather, cloudy.

### MAN JUST OUT OF PRISON IS SENTENCED

Vancouver, July 26.—Another five years in the penitentiary lie ahead of J. B. Brown, alias "Burrhead," who was sentenced to the institution only a few days before the robbery of A. A. Johnson's home at 1207 Ontario Street. Brown was arrested in Calgary with a camera containing films which, when developed, showed pictures of the Johnson family, despite his voluble and incoherent explanations. The recently released prisoner was sentenced by Judge Ruxley to five years for burglary. Prior to that he had served a five-year term at San Quentin, California, and three years at Folsom, California, as well as several minor terms, all for various kinds of theft.

### TWENTY-FIVE YEARS AGO TO-DAY

The Victoria Daily Times, July 26, 1904

Liverpool, July 26.—The owners of the British steamer Calchas, bound from Puget Sound to Japan, have received a telegram from Hongkong reporting that the Calchas has been seized by the Vladivostok squadron.

A quiet wedding was celebrated yesterday afternoon, the contracting parties being Mr. William Lormier, who numbers among his friends practically every local athlete, particularly in the James Bay district, and Miss Edna M. Arthur, eldest daughter of Mr. and Mrs. L. Arthur of San Francisco.

Weather forecast—Victoria and vicinity: Moderate to fresh southerly winds; fair and warm.

B. J. Short, a Fraser River canneryman and a resident of Vancouver, has been in the city a few days arranging for a fish trap to be constructed at Clover Point.

The business before the city council last evening was essentially routine in character. The ultimatum of the Victoria Terminal Railway Company was referred to the city barrister.

Mr. James Hunter, King's Printer for the Province of Manitoba, is spending a short holiday in this city.

A meeting of the Victoria Tourist Association was held yesterday afternoon. The report of Secretary Cuthbert on his recent trip through the United States and Canada was received and discussed.

Victoria's high appreciation of the repeated victories of the James Bay Athletic oarsmen could not have been more clearly demonstrated than by the large crowd that gathered at the wharf yesterday afternoon to welcome their return.

## Chapter Members Enjoy Visit At Worsted Mills

As a means of showing their interest in a local industry, the regent, Mrs. McKinnon and seven members of the Lady Douglas Chapter, I.O.G.E., visited Wednesday afternoon the British Columbia Worsted Mills on Dallas Road.  
The visitors, who included Mrs. Dennis Harris and Miss Grease, were received by Mrs. F. McDonough, on behalf of the management.  
Miss F. Haysall conducted the party over the works, explaining the various processes. Some beautiful suits made from worsted manufactured in the mills.

## SUE'S HOSPITAL FOR HURT BABY

Damages Sought From New Westminster Institution

New Westminster, July 26.—A letter claiming damages of \$1,000, a hospital bill of \$410 and a \$200 physician's bill for injuries alleged to have been suffered by Alfred Angel's baby while it was being treated in the Royal Columbian Hospital here March 28, was received from Mr. Angel's solicitors and read at the meeting of the hospital board last night.  
It was decided to table the matter pending an interview between the manager of the board, E. A. Withers, and the legal firm handling the claim for Mr. Angel.  
In connection with the claim a letter from Dr. R. Leam was read in which it was said the baby had been burned on the head so that it would always have a bald spot, and that it would always carry a scar on its elbow.  
It is claimed the baby was burned while it was receiving steam inhalations. A kettle of water placed on the bed is said to have caused its injuries.

## MARRIES MUCH MENTIONED NURSE

Reno, Nevada, July 26.—Charles Lloyd Jones, wealthy Australian, who secured a divorce in Reno last week after a hotly-contested suit, telegraphed his attorney yesterday from Chicago that he was married there yesterday to Hanna Jones. Miss Jones was much mentioned in the divorce trial as the nurse with whom the Australian merchant had fallen in love. Jones in his telegram said he was going back to Australia. In the trial of his divorce suit he testified that he had given his wife \$400,000 and that all she wanted was his money. He testified she had made it possible for him to meet Miss Hanna Jones. Miss Jones is not related to the Australian.

## Shower Given Saanich Bride

Royal Oak, July 26.—Mrs. J. Houghton and Miss Annie Morrison were hosts on Thursday afternoon at a miscellaneous shower at the Beaver Lake home of Mrs. Houghton, in honor of Mrs. J. Sangster, Obed Avenue, formerly Miss Ozzida Goyette, Royal Oak.

The sitting-room was decorated with mauve and yellow streamers, sweet peas and roses.  
Little Gertrude and Gladys Campbell, twin daughters of Mr. and Mrs. Campbell, Beaver Lake, presented to the bride a large basket decorated in mauve and yellow filled with gifts.  
Mrs. Houghton and Miss Morrison were assisted in serving tea by Mrs. Lehman and Miss Jessie Morrison.  
Invited guests included Mrs. D. Lehman, Mrs. A. Rankin, Mrs. Campbell, Mrs. Blair, Mrs. W. Heal, Mrs. E. Heat, Mrs. L. Duval, Mrs. Dalgas, Mrs. G. Robinson, Mrs. A. L. Nixon, Mrs. Grant, Mrs. Peet, Mrs. Kinnaird, Mrs. Harwood, Mrs. Booth, Mrs. Schley, Mrs. W. Rankin, Mrs. W. Jones, Mrs. Smith, Mrs. F. Duval, Mrs. Knott, Mrs. McNutt, Mrs. Grimm, Mrs. Vantrigh, Mrs. Chasworth, Mrs. Durance and the Misses P. Kinnaird, M. Butt, K. Butt, E. Bull, J. Morrison, G. Etheridge, Gertrude and Gladys Campbell, Joyce and Barbara Heal and Dianne Houghton.  
Mrs. J. H. Black and daughters, Greta and Adele, have returned to their home in Vancouver after visiting Mr. and Mrs. J. McNutt, West Road.

## ACTIVITIES OF V.W. INSTITUTE

The July meeting of the members of Victoria Women's Institute was held recently in institute rooms with nineteen members present and the president, Mrs. Terry, in the chair. Routine business and committee reports occupied most of the meeting. Mrs. Urquhart reported that thirteen members had attended the luncheon at the Experimental Farm July 5.  
A report of the institute picnic held at Oakboro Bay on July 10 showed many members and their children enjoyed the day at the beach.  
Arrangements for the lunch and tea room at the fair next month, made, and Mrs. Laird and Mrs. Urquhart were chosen to convene this undertaking. A hearty vote of thanks was given the ways and means committee under the chairmanship of Mrs. Laird, who did so much work during the last three months.  
The first Friday afternoon social meeting for August will be undertaken by Mrs. Urquhart, Mrs. Jones, Mrs. Gordon and Mrs. Randall.  
Mrs. Gordon, president of provincial board of directors, gave a short account of her recent visit to the institutes at Sayward, Cortez Island, Valdez Island, Quathlasi Cove and Denman Island.  
It was decided to have all interludes in the knitting yarns and patterns to meet in the institute rooms Thursday, July 25.

Lake Hill Picnic—A large number of members and their friends attended the annual picnic of Lake Hill Women's Institute held on Thursday at Mt. Douglas beach. After luncheon, which was served on a long table placed under the trees, the picnickers enjoyed a programme of games, swimming and dancing. The president, Mrs. Peddie, presented the prizes to the following winners in the racing events: Thylis Gots, Jean Currie, Betty Townsend, Girls, 9 to 12, Grace Townsend, Phyllis Elliott, Phyllis Mercer, Boys, 9 to 12, Raymond Porter, Leonard Simmonds, Girls, 14 and under, Mabel Townsend, Linda Smith, Boys, 14 and under, Charles Carpenter, John Currie, Ladies, Mrs. Smith, Mrs. Elliott, Special for president and ex-presidents, Mrs. Scott, Mrs. Peddie, Mrs. Mercer, Mrs. Serice, Boys and girls three-legged race, Mabel Townsend and John Currie, Grace Townsend and Douglas Simmonds.

## PRINCIPALS IN RECENT VICTORIA WEDDING

MR. AND MRS. ALFRED BYWELL BROWN (nee Peden) whose wedding took place in Victoria, will make their home in Calgary. Mrs. Brown is the daughter of Mr. and Mrs. Alex. Peden, Trutch Street.

## Personal Items

Miss Barbara Bullock-Webster is visiting in Kelowna as a guest at the Eldorado Arms.  
Mrs. C. Cator was hostess at a small bridge party yesterday afternoon at her home on Rockland Avenue.  
Miss Lucy Angus, who has been visiting in Europe, returned to Victoria yesterday afternoon.  
Miss Colvin, accompanied by her nephew, Master J. E. Allman, Nanaimo, were visitors in Victoria at the weekend.  
Mr. and Mrs. S. Thompson and daughter, Betty, of Portage la Prairie, are staying at the Strathcona Hotel for a few days.  
Mr. and Mrs. James D. Riddall of Vancouver are spending a few days in Victoria and are visiting their relations in Langford.  
Mrs. E. Redgrave has as her guests over the week-end, her son-in-law and daughter, Mr. and Mrs. A. R. Lavell, of Vancouver.  
Mrs. D. M. McColl, who has been visiting in Victoria, has left for Calgary to spend some time there as the guest of friends.  
Mr. and Mrs. Russell Harper of Seattle have been spending the last few days in Victoria as guests at the Strathcona Hotel.  
Miss Jennie Wilkinson-Brighthouse of Vancouver is visiting in Victoria as the guest of Miss Millicent Umbach, Wellington Street.  
Mrs. J. J. Blair, Garbally Road, entertained on Wednesday afternoon at the tea hour in honor of her sister, Mrs. Jos. Robinson, of San Francisco.  
Mr. and Mrs. G. Jarrett of Santa Ana, California, and Mrs. H. M. Alpen of Vancouver have been visiting with Mr. and Mrs. R. E. Collis, Cook Street.  
Mr. and Mrs. Andrew have motored from their home in Calgary to the Island and, after visiting friends at Langford, have motored to Qualicum Beach.  
Mrs. Fields and family, of Seattle, who have been spending the last few months in Victoria, will leave tomorrow for their home in Washington.  
Mrs. T. H. Newitt of Vancouver and her daughters, Miss Hazel and Miss Mazie Newitt, formerly of Victoria, have taken a suite on Richardson Street for a month.  
Mrs. W. T. Barrett entertained at the tea hour yesterday afternoon at her home on Foul Bay Road in honor of her sister, Mrs. F. Edmonds of San Francisco, who is her guest.  
Captain Robertson, of Saseen, Sooke, has as his guests, his mother and sister, Mrs. and Miss Robertson, of England. En route to the Pacific Coast, Mrs. and Miss Robertson visited in New York.  
Mr. Roy Hillier of San Francisco, California, who is spending his vacation on Vancouver Island, was the guest over the week-end of his brother and sister-in-law, Mr. and Mrs. Wm. H. Hillier, and family, at Shawnigan Lake.  
Miss Agnew, Rockland Avenue, returned to Victoria yesterday from Hazelton, where she has been visiting as the guest of Dr. H. Winch, M.P.P., and Mrs. Winch. On her way home, Miss Agnew visited in Prince Rupert and Vancouver.

## TALENTED ARTIST EXHIBITS WORK

Mrs. E. B. Blunt Shows an Interesting Collection of Water Colors

During the last week, a delightful exhibition of water colors has been shown at Sommer's Art Store, Government Street, by Mrs. T. G. B. Blunt, a talented artist of England, who has been living in New Zealand for a number of years.  
The pictures include land and seascapes of New Zealand and England, and a number of familiar spots on Vancouver Island.  
On entering the studio, one's attention is drawn to a large painting of the Kalkourao Mountains in the South Island, New Zealand, with rugged snow-capped peaks, treated by the artist with warm colorings to warrant the title of the picture, "Afterglow."  
The gum trees of New Zealand form the subjects for a number of fascinating pictures.  
Of particular interest is a painting entitled "Blue Paddock," which has been executed by Mrs. Blunt in the alluring style of Monet.  
A sketch, entitled "Fishermen's Houses," depicts quaint, old, picturesque homes built to the water's edge, with the reflections, handled in a most masterly fashion. Another picture which attracts attention is an old mill in South Canterbury, which is effective in the coloring of the old building and the direct treatment of the trees and water.  
Dealing with scenes on Vancouver Island, one of the lagoons at Hatley Park has been acquired by the many visitors who have availed themselves of the opportunity of seeing this interesting collection, which will be open to the public until tomorrow evening.

Reeves, Couch, J. Bryant, Hadland and Birkett, and Misses A. Musgrave, B. Musgrave, L. Mitchell, W. Beecher, M. Cory and B. King.

Mrs. L. A. Genge entertained this afternoon at her home on Vancouver Street with a few tables of bridge in honor of several out-of-town guests in Victoria. In the drawing-room, a combination of pink gladioli and blue larkspur formed the floral decoration, while in the dining-room, the tea table was centred with an amethyst bowl, filled with flame-colored gladioli, and mauve and blue larkspur. Amethyst glass scones held in place tall blue tapers. In the sun room, apricot gladioli were arranged, and in the hall mauve and pink sweet peas were used effectively in decoration.

Mrs. A. B. Lavell, nee Redgrave, of Vancouver, held her post-nuptial reception this afternoon at the home of her mother, Mrs. E. Redgrave, Harginger Avenue. She wore her wedding gown and was assisted in receiving her guests by her mother and her sister, Miss Redgrave. Mrs. Frank Hunter, Miss Maud Harginger, Miss Mary Ebbes Canavan and Miss Kathleen Denny assisted in serving. Miss Margaret O'Neill presided at the coffee urn and Miss Edith Rowlands poured tea. The tea was cut by Miss Sadie Brown, of Cumberland. Little Miss Mary Ellen Canavan opened the door for the guests. In the afternoon, Miss Dorothy Hicks and Miss Maud Hartree gave much pleasure to the guests by rendering vocal solos. Mr. and Mrs. Lavell will be "At Home" this evening from 8 to 10 o'clock. Pink and mauve sweet peas were used as floral decorations in the home.

Mrs. A. N. Mount, Beach Drive, entertained at a bridge and mah jong party this afternoon in honor of Mrs. John R. Totten of New York, and other visitors in Victoria. A profusion of summer flowers will be arranged throughout the house. Those invited include Mrs. Totten, Lady McBride, Lady Cameron, Mrs. Curtis Sampson, Mrs. H. R. Beaven, Mrs. R. P. Rithet, Mrs. T. S. Gore, Mrs. Lennox-Irving, Mrs. Code (Winnipeg), Mrs. J. O. Wilson, Mrs. Arthur Nixon, Mrs. Duran, Mrs. W. A. Carlyle, Mrs. A. C. Burdick, Mrs. J. S. Dunbar, Mrs. St. G. Jellett, Mrs. J. W. Spencer, Mrs. F. Cowell (Edmonton), Mrs. Edwards (Los Angeles), Mrs. J. J. Shallcross, Mrs. F. A. Lindsay, Mrs. J. A. Turner, Mrs. D. McHaffie, Mrs. E. B. McCallum (Regina), and Mrs. E. F. Pooley.

Mr. George F. Bullock, of the staff of the freight department, B.C. Coast Steamship Service, was presented on Wednesday evening with a handsome mantle clock by Mr. M. C. Richards, manager of the grocery department at David Spencer Limited, on behalf of her associates in the department. She has also been made the recipient of a fifty-two-piece china dinner service from the commercial travelers.

Miss Janet Doyle of Chewassan is visiting her aunt, Mrs. J. S. C. Fraser, St. Charles Street, for a month. Miss Dorothy Doyle of San Francisco, who has been visiting her uncle and aunt at Chewassan and who spent a few days with her relatives in Victoria, left yesterday for her home in the south.

Miss Daisy Barrett, whose wedding will take place on Saturday, was presented yesterday with a handsome mantle clock by Mr. M. C. Richards, manager of the grocery department at David Spencer Limited, on behalf of her associates in the department. She has also been made the recipient of a fifty-two-piece china dinner service from the commercial travelers.

Mrs. James Rasmussen, assisted by her daughter, Mrs. G. McMullen, entertained at their camp at Cordova Bay in honor of their house guest, Mrs. B. Keating of Vancouver, and also Mr. and Mrs. L. Hafer of Port Angeles, Wash. Those present were Mrs. B. Keating, Miss Doreen Keating, Mr. and Mrs. L. Hafer and son, Mrs. A. Gale, Miss L. Anderson, Mrs. Kate McRae, Mr. and Miss V. McNally and Mr. G. Hafer.

A delightful miscellaneous shower was held Wednesday evening when Miss Beth King, Grahame Street, entertained in honor of Miss Beatrice Musgrave, whose marriage to Mr. Harold Mitchell will take place next week. The gifts were concealed in two baskets, prettily decorated with tulle and a miniature bride and groom, and presented to the bride-elect by little Irene Birkett. During the evening games were enjoyed, the winners being Miss A. Musgrave and Miss L. Mitchell. Refreshments were served by Mrs. King, Mrs. Reeves and Mrs. Birkett. The invited guests were Messrs. King, Musgrave, Mitchell,

## FIRST SCHOOL FOR ESKIMOS

Toronto, Ont., July 26—Miss Bessie Quirt is going to Shingle Point at the mouth of the Mackenzie river on the Arctic ocean as a teacher in the first residential school to be opened for Eskimos in Canada. She will be one of a party to leave Toronto. Miss Quirt's home is in Orillia. She expects to stay for five years in the Arctic.

## Weak After Operation

"After having an operation, I was very miserable, weak, nervous and very near unfit to work. I saw Lydia E. Pinkham's Vegetable Compound advertised and tried it and believe it helped me wonderfully. I have no weak spells any more, the pains have left me and my nerves are much better. I feel safe in saying Lydia E. Pinkham's medicines have helped me wonderfully."—Mrs. Wm. H. Beechler, Box 143, Port Colborne, Ontario.

**Lydia E. Pinkham's Vegetable Compound**

Lydia E. Pinkham Med. Co. Lynn, Mass. U.S.A. and Sole Agents, London, England.

## Langford Holds Campers Dance

The campers' dance organized by William Newcombe and Harold Brynjolfsson at Langford Lakeside on Wednesday evening, was a great success. The Rhythm Aces supplied the music. At the termination of the dance a treasure hunt took place. The clue was concealed in a clever rhyme, and Miss Thompson discovered the treasure under a holly tree at Goldstream. Mr. and Mrs. Gibbons are holidaying at McKinnon's camp on Leigh Road. Mrs. Bonnycastle and daughter Doreen from Chilliwack are visiting Mrs. Cecil Brown of Goldstream Road. James Stuart Yates, who has been visiting J. C. Lang on Salt Spring Island, has returned to his home on Millstream Road. Service on Sunday will be held at 11 a.m. in St. Matthew's Church. Rev. F. Mortimer, who has been visiting in the district for three months, will take the service for the last time.

## MOTHERS AND THEIR CHILDREN

**STIMULATING THE APPETITE**

One Mother Says—My little three-year-old daughter was ill, and refused to eat soft-boiled eggs, or to drink fruit juices as the doctor prescribed. To overcome her aversion I drew funny faces on the egg shell and tied a bit of bright ribbon around it. For the fruit juices, I procured ice cream soda straws and put the liquid in unique containers such as bud vases, little pitchers, chick or animal salt shakers with the tops left off. She looked forward with much eagerness to her meals after we had inaugurated this method of serving them.

## YOUR BABY and MINE

by MERTLE MEYER ELDRED

Mrs. Eldred will be glad to answer all questions pertaining to babies and children. A stamped and self-addressed envelope forwarded to this office will bring a personal reply.

## HELPFUL PARENTAL ATTITUDES

There isn't a mother alive but wishes to do the best for her children. If her attitudes toward them are mistaken ones, they are such purely because of ignorance of what is right and helpful, rather than from any desire to assume a wrong attitude. Most mothers are too unselfish and they harm their children because of it. They are born martyrs. They want to be slaves to their children, unaware that this devotion actually stunts the development of the child, preventing him from doing for himself the many things which the parent does for him so gladly.

Between loving our children, and giving them a sense of security in our love, and worshipping them, there is a vast chasm. Over-indulgence, blindness to faults which need correction, over-anxiety which fills the child with fears for his safety, a devotion which assumes all the child's responsibilities instead of letting him carry his own, all these are symptoms of an unhealthy love. All of these harm the parent as much as they do the child. It may sound unselfish to hear a mother declare that she never leaves her children because they need her always, but such an attitude proclaims her an unwise mother, one who is failing to allow her children to develop away from her protecting presence and to give them a chance to reap the

benefits of standing on their own feet or turning to someone else occasionally for guidance.

There are other attitudes of loving parents which color their treatment of their children. One of these is the attitude which demands perfection of children. Few adults are perfect. They know they were far from perfect as children, yet they grieve over signs of imperfection, they discourage a child by demanding so much which is impossible that the child in rebellion goes to the farthest extremes of bad conduct.

Growth is slow. It is backward and forward. A step up, a half a step back, mistakes, new efforts, more mistakes and so on to some admirable level. Virtue and ethics, manners and customs, these are learned through education and experience, and are achieved, if ever, only after laborious lessons. The parent who demands perfection of the child saddles him with a burden under which he is certain to go down.

Our attitude as parents is most helpful when we think of ourselves as a background instead of being interwoven into the pattern of the child's life. We cultivate habits that it will be beneficial for him to continue; we erase them when they are no longer useful; we point a path and make ourselves models and then stand by to allow the child to develop his own personality by his experiences.

## SIDNEY MEMBERS OF EASTERN STAR WILL ENTERTAIN

Sidney, July 26.—A garden party will be held to-morrow afternoon at the home of Mrs. C. E. Jefferys, Experimental Farm, under the auspices of Ruth Chapter No. 22, O.E.S. Stalls of every variety will be open from 3 to 6 p.m. The proceeds will be in aid of the Chapter furnishing fund. Mr. and Mrs. H. Patterson of Britannia Beach, spent a few days during the week visiting Mrs. Patterson's mother, Mrs. A. A. Berquist, before leaving on a trip to Portland. Mrs. Iris Larson is spending a few days visiting at Fanny Bay. Mr. and Mrs. Jas. Ramsay left on Monday on a motor trip to Qualicum Beach. Geo. P. Salmon is spending a few days visiting with his family in Victoria.

## SOCIAL AND PERSONAL

Mrs. Blake M. Wilson of Vancouver is visiting Victoria. Mr. and Mrs. J. E. Cowan are Vancouver visitors in Victoria to-day. Mr. and Mrs. Seymour Jones of Redlands are among the California visitors in Victoria. Mr. and Mrs. A. Spencer of Vancouver are spending a few days in Victoria. Mrs. E. J. McFeely of Vancouver came over from the mainland yesterday afternoon. C. P. W. Schwengers, former president of the Victoria Chamber of Commerce and now of Vancouver, is visiting Victoria to-day. Mr. and Mrs. Campbell M. Hunter of Calgary arrived in Victoria to-day on a visit and are registered at the Empress Hotel. Mrs. C. E. Peabody and Mrs. P. Peabody of Seattle are visiting in Victoria and are guests at the Empress Hotel. H. L. Brittain, leading Canadian economist, with Mrs. Brittain and Miss Brittain, arrived in Victoria to-day from Toronto and are registered at the Empress Hotel. Mrs. M. E. N. Taylor of Pakington Street, sailed from Montreal on July 24 for England, where she will visit for several months as the guest of her brother and sister-in-law, Mr. and Mrs. R. G. Wood, at Folkestone, Kent.

The wedding of Miss Daisy W. Sawbridge, daughter of Mrs. Arthur Davies, of 923 Hampshire Road, Oak Bay, and Mr. James Henry Buckett of Victoria, took place last evening at 8 o'clock at the Metropolitan United Church. Rev. John Robson performed the ceremony.

Messrs. T. T. Coleman and A. R. McGill of the C.P.R. publicity service, are present in Victoria. Mr. Coleman recently took over the service, with headquarters on the Pacific Coast, while Mr. McGill is connected with the head office at Montreal, and is on a trip to the west.

Capt. Lloyd W. Goeppert of the University of California Coast Artillery Corps, and Lieut. Dean Luce of the University of Washington, C.A.C., were visitors in Victoria yesterday. A party of army officers will be here to-morrow from Fort Worden for a short stay.

Mr. John Hosie, Provincial librarian and archivist, will leave to-morrow on a five-weeks' trip to the Cariboo district to gather documents and relics of various kinds of the gold rush when British Columbia was in formation. He will take part in the ceremony connected with the marking of the old Cariboo wagon road, under the auspices of the Cariboo Lodge, No. 4, A.F. and A.M.

Frank Le Roy of Victoria, past state president of the Order of Eagles, and a member of the special committee for Washington and British Columbia, will leave to-morrow for Minneapolis to assist with arrangements for the convention of the Grand Aerie of the National Order of Eagles, which will take place there from August 5 to 10. He will be accompanied by Mrs. Le Roy and Mr. Charles Jasper, who will also be a delegate to the convention.

A pretty home wedding took place on Tuesday at the home of the bride's mother, 421 Vancouver Street, when Miss Evelyn, youngest daughter of Mrs. Bewell and the late W. H. Bewell, became the bride of Mr. W. R. McLellan, son of Mrs. Ella McLellan, Boston, Mass. The ceremony was performed by Rev. Dr. W. J. Sippell, the bride party standing beneath an archway of roses, ivy and spirea. The drawing-room was beautifully decorated for the occasion. The bride was attended by her cousin, Miss Terry Andrews, as maid of honor, and her niece, Miss Idei

Wilson, as bridesmaid. Mr. Keith Parsons supported the groom. The bride entered the drawing-room on the arm of her brother, Mr. Ross E. Bewell, to the strains of Mendelssohn's "Wedding March," played by Miss Audrey Chisholm. Immediately after the ceremony a delightful wedding breakfast was served. Mrs. M. M. Wilson, sister of the bride, presiding at the tea table. Miss Ann Curtis cut the loaves, assisted by Miss Gwen Hall. Mr. and Mrs. McLellan will reside at 1243 Richardson Street.

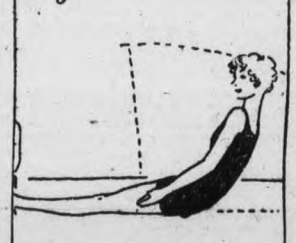

## SUITABILITY IS BUILDING KEYNOTE

Edmonton, Alta., July 26.—"Suitability is the keynote of the successful building," declared Marjorie Hill, B.A., B.A.Sc., who was the first woman to graduate in architecture from the University of Toronto, and the first woman to register as a member of the Royal Architectural Institute of Canada. She is now practicing her profession in this city, where she graduated in arts from the University of Alberta. Pursuing the subject of suitability, Miss Hill said "A building must be well planned for the use to which it is to be put, whether it be a school, a house, a church or what. No country ever will attain a good style of architecture by making a bank look like a Greek temple." Miss Hill has little sympathy with those who think that western Canada has failed in developing a distinctive style of architecture. "All the old styles, the Spanish, which has fitted so charmingly into California's settings for example, were originally the product of the building of more or less cultured people who gradually evolved a type of architecture suited to their peculiar problems of setting and suitability. They took literally centuries to evolve," she pointed out. "The Canadian style must evolve slowly. Connecticut and Pennsylvania have distinct and attractive features of domestic architecture, but they did not grow in a minute."

## NANCY PAGE

NANCY EXERCISES AND LOSES UNSIGHTLY BULGES

By Florence La Gank

The simple clothes of to-day with their sweaters, and tuck-up blouses call for a trim and tidy figure—one which does not bulge in untoward places. Nancy found that she needed to do something to keep her muscles taut but supple. She found that little Peter's coming had done things to her body. She needed to pull up the sag and to strengthen the abdominal muscles. Here are two exercises she did over and over again. She would lie flat on her back on floor. Her arms were held close to her sides. Then with feet still on floor she would rise slowly, pulling up

her body, using abdominal muscles as she pulled. When her head was at right angles to her knees she would lie down again and pull herself up once more. She did this ten times a day. Another exercise was practiced on the bed or on a soft pad or mattress.

# France Sweeps Both Singles Matches In Davis Cup Tennis

## THE SPORTS MIRROR

Frank Patrick as manager of the Montreal Canadiens! That is the latest news in hockey circles, according to a statement appearing in a recent issue of The Montreal Star. Officials of the club are quite confident that Patrick will accept the terms, according to the report. It was reported some time ago that Patrick might handle the New York Americans, but nothing ever came of the rumor. It apparently died a natural death, or else there is competition for Patrick's services.

Regarding the deal, The Montreal Star has the following to say: "If Patrick actually signs up with the Canadiens, it appears certain he will eventually, the local French-Canadian outfit will have their pilot probably the shrewdest hockey man in the country. Once a great player himself, he left Montreal with his brother Lester, who handles the New York Rangers, for the Pacific Coast, and there introduced the Canadian national winter sport to a people who had not thought of it. He built a huge arena in Vancouver, introduced the game to the northern United States cities of that part of the world and finally got the league started. This circuit gradually spread until it took in the prairie cities, but with the increasing interest in the east, the league was finally swallowed up by the National Hockey League teams.

"But Patrick was not through with hockey. He started a team last year also proved to be a successful venture.

There has always been the friendliest of relations between the Canadiens and the Montreal Canadiens. They have been closely allied in hockey deals and when the Canadiens wanted to play in the Pacific Coast for exhibition purposes he always approached the Canadiens first.

Recently Patrick has linked up with Paddy Harmon of Chicago in an attempt to get a second N.H.L. franchise in that city. On the protest of Major Fred McLaughlin, who owns the Chicago Black Hawks, and consequently has the territorial rights in that city, the major league refused to grant him, but as long as Major McLaughlin remains firm there is no chance for him.

Also, McLaughlin recently entered into an agreement with the Coliseum for his team to play their games there. Now that the Hawks have a permanent home there is no chance of Harmon getting his franchise.

However, we are of the opinion that Frank Patrick will remain on the Pacific Coast. He experienced great success last season with his Vancouver Lions, winning the Pacific Coast League and then beating the Canadiens in an exhibition series. As yet Patrick has had nothing to say regarding the report that he would handle the Canadiens, but it is not likely he will forsake the Coast.

Wayward husbands had better mind their steps, as according to a dispatch from Baltimore we have a featherweight bout in the state of Maryland. She is undaunted by the fact that she failed to receive one, and judged not quite up to the mark physically. She intends to start training at once with road work-outs and bag punching and expects to be in shape to pass the examination shortly.

At a recent boxing card staged in San Francisco a programme of seven bouts was completed in less than an hour, because even ended in a knockout in the main event, scheduled for ten rounds, Tom Hawkins, San Diego heavyweight, sent Seal Harris of Chicago to the canvas in the first round for the full count. Four of the fights ended in the first round, two in the second and one in the third. Even at that it is an even bet that a large number of the fans were of the opinion they didn't get their money's worth.

When Mickey Cochrane was laid up in Philadelphia recently with a dented rib he went out to watch the Pittsburgh Pirates play with an idea of getting information of possible world's series value this coming October. Mickey decided the Athletics could beat the Pirates. Pie Traynor heard a few of Cochrane's statements and took exception to them. Pie thinks the Pirates could beat the Mackenns because the Pirate pitchers could stop Simmons, Fox and Cochrane. However, these three sluggers have done considerable to spoil the season for Mr. Huggins and the New York Yankees.

History has a strange way of repeating itself, especially in the realm of pugilism. In the summer of 1925 at the Polo Grounds in New York, Dave Shade, bobbing and weaving Californian, won what was generally conceded to be a popular victory over Mickey Walker, the welterweight champion of the world. Shade, foremost challenger for his laurels, handed him a terrific body battering for the fifteen rounds. However, Walker was given the decision, much to the consternation of newspaper men and critics.

It is four years later. Walker, stripped from the welterweight title by Pete Latzo, who was later beaten by Joe Dundee, now holds the middleweight championship. Shade, his rival of welterweight days, has also outgrown this division and is now a full-fledged middleweight, and is seeking a crack at Walker's title.

## Cochet Crushes Big Bill Tilden In Straight Sets

United States Practically Eliminated From Series; Tilden Hopelessly Outclassed, Winning But Six Games; George Lott Puts Up Spirited Fight Against Jean Borotra, But Goes Under 6-1, 3-6, 6-4, 7-5; Doubles Will Be Played To-morrow and Two Other Singles Matches Sunday.

Roland Garros Stadium, Paris, July 26—France blasted the tennis hopes of the United States to-day by sweeping both opening singles matches of the Davis Cup challenge round. Henri Cochet, the French ace, crushed Big Bill Tilden in straight sets, 6-3, 6-1, 6-2, after Jean Borotra had vanquished George Lott, youthful United States player 6-1, 3-6, 6-4, 7-5.

The double setback came as a severe blow to the challengers, who now face the forlorn task of winning the remaining three matches to lift the cup. All France needs now to remain supreme for the third straight year is to win one more match, either in the doubles to-morrow or in the remaining two singles contests Sunday. Cochet is a cinch to take the game from Lott on Sunday so all the shouting is practically over.

Lott staged a close battle with Borotra, losing a golden opportunity to win the fourth set when he led at 5-3, but Tilden never had a chance against Cochet. It was the most decisive defeat Big Bill ever had suffered in ten years of Davis Cup competition.

## CAPS MEET CHEMAINUS TO-MORROW

Island League Ball Teams Will Tangle in Important Game; Starts at 6 p.m.

By their victory over Courtney last Saturday the Capitals climbed back into the leadership of their section, as Chemainus were bounced on Saturday by Nanaimo. However, in order to keep their noses out in front the Caps must take Chemainus into camp.

These teams have met twice already this season and both decisions have been in favor of the Up-Islanders. All the other clubs in the circuit have found little trouble in defeating Chemainus, but they appear to hold a "jinx" over the local champions.

Jimmy Dangerfield, who beat Courtney last week, will again go to the mound for the Capitals, while "Lefty" McGinnis, the Up-Islander's smooth-working southpaw, will oppose him. McGinnis has beaten the Capitals twice.

Norm Forbes, who was out of the game last week through a strained back, will return to-morrow, and will hold down his regular third-base position. The remainder of the local team will be on deck.

The gallant son of the super-hero, Ted Biscuit, is heavily booked in Saratoga Stakes and will meet the class of his age in the Travers midsummer derby, August 17.

## SONS OUT TO REGAIN LEAD

Win Over Eagles To-night Will Put Them in Tie For League Leadership

With an opportunity of getting back into a tie with the Jokers for the leadership of the Senior Amateur Ball League, the Sons of Canada will meet the Eagles at the Royal Athletic Park to-night, commencing at 6.15 o'clock.

The Jokers are now sitting on the top of the heap by a one-game margin over the Sons. A victory for the Canadians would put them in a tie with the Jokers. The Eagles are resting in the cellar position hopelessly out of the running for the league championship.

Jack Curtis is expected to pitch for the Sons, while Bill Holmes will most likely be the Eagles' choice.

On Monday night Sidney and the Jokers will meet in the final game of the schedule, although the Sons and Sidney have a drawn game to play-off.

## Kid Roy Is Winner Over Billy Hindle

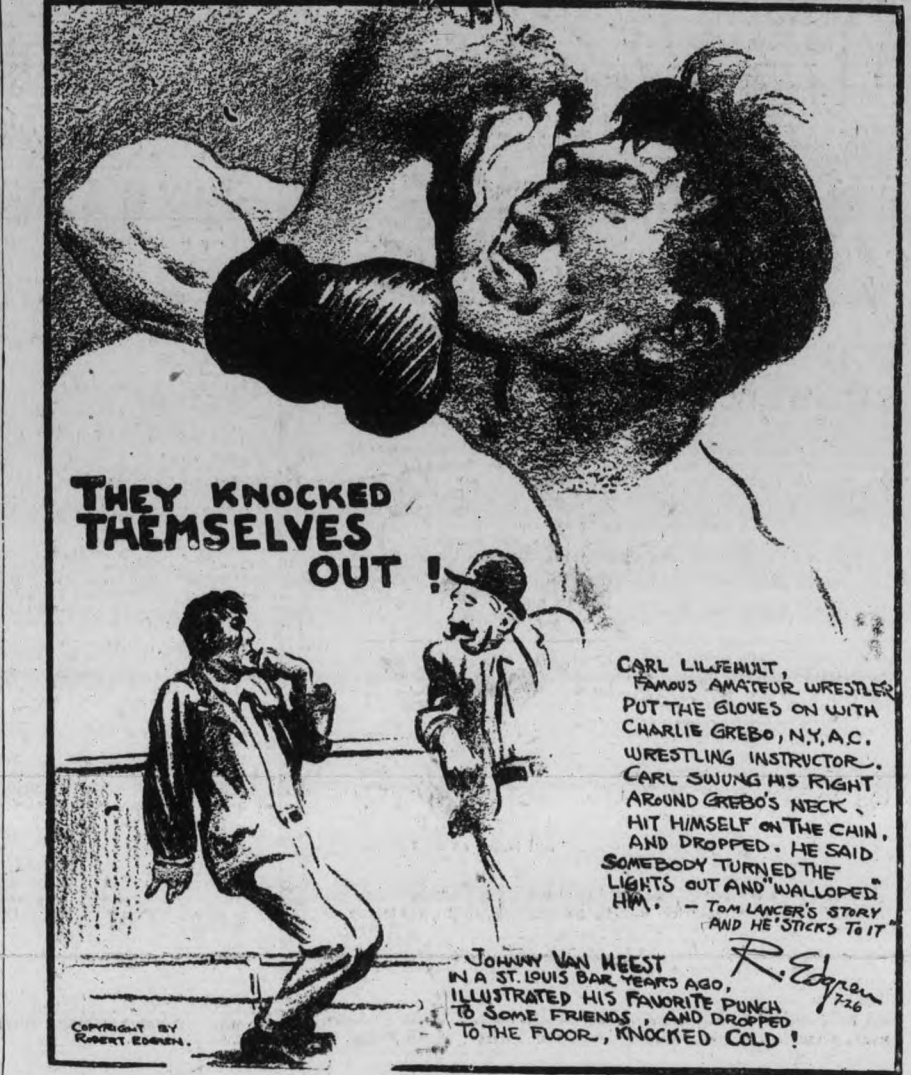

Montreal, July 26.—In outpointing Billy Hindle of England in their ten-round bout here last night, Leo "Kid" Roy, Canadian featherweight champion, scored a well-earned win, but his margin of victory was narrow.

Roy won three rounds, Hindle one and the other six were even. The first three rounds were even, but in the fourth Roy solved Hindle's peculiar style of defence and broke through to pile up a commanding margin. From then on, Roy appeared to have a slight edge.

Ten thousand saw the bout.

## MAN O' WAR'S SON A WINNER

Hard Tack Graduates From Maiden Ranks By Capturing Empire City Handicap

New York, July 26.—Hard Tack, a big three-year-old chestnut son of Man o' War, cost the Wheatley stable \$25,000 as a yearling, but he gave every indication of being worth the money as he graduated from the maiden ranks yesterday in winning the Knickerbocker Handicap at Empire City.

Like all of the get of his illustrious daddy, he has been slow to round into form. He started twice as a juvenile, finishing ninth his first time out, and sixth the second. Ten days ago he made his 1929 debut at Empire and ran third in his first public appearance at a mile and seventy yards. Three days later he ran second to the flashy Star and Bars over the same distance, and then yesterday advanced another notch to win his initial race at a mile and one-sixteenth.

The gallant son of the super-hero, Ted Biscuit, is heavily booked in Saratoga Stakes and will meet the class of his age in the Travers midsummer derby, August 17.

## WON EASILY

Hard Tack drove away from Soul of Honor to win by four lengths. Chatterford was third. Hard Tack stepped the distance in 1:48 3-5.

Play Child won the opener and paid his backers \$46.66. James M., another outsider, ran second to pay holders of a place ticket on him \$53.50. The second race—Six and a half furlongs, 6 to 1, paying \$14.70. Dr. Parrish was neglected in the third and he paid \$23.10 to win.

The favorite players scored in the fourth on a victory by Bossie, then again in the fifth when Royal Fulton won a feature race. The sixth went to Mexvia, which was quoted at even money. Ray Rudy, however, won the concluding number and paid \$9.70 for a \$2 win ticket.

## HORSE RACING

Vancouver, July 26.—Making every point a winner, Cullacan, five-year-old gelding, owned and trained by Ruth Parton, and ridden by Robertson, won the sixth event over the mile and an eighth route at Hastings Park yesterday afternoon, the favorite, Captain Adams, finishing in fifth position. Tennessee was second and Miss Pascoe third. The winner paid \$7.70 for straight tickets.

Results follow:

First race—Six and a half furlongs: Popshot, \$3.80, \$2.90, \$2.60; Sparrow, \$6.70, \$4.30; Vic Munro, \$7.85.

Second race—Six and a half furlongs: Miss Fashion Plate, \$13.30, \$7.80, \$5.30; Keala, \$13.70, \$5; Clarimonde, \$3.60.

Third race—Six and a half furlongs: Gallipungo, \$17.90, \$7.80, \$5.30; Kenstar, \$4.90, \$3.70; Ace o' Clubs, \$7.30.

Fourth race—About five furlongs: Motor Miss, \$7.90, \$3.90, \$3.50; Little Giant, \$3.20, \$3; Jerry Mc, \$6.40.

Fifth race—Six and a half furlongs: Greenhatched, \$9.90, \$5.40, \$3.80; Prospecta, \$12, \$5.80; Manoa, \$7.60.

Sixth race—Mile and an eighth: Cullacan, \$7.70, \$4.20, \$3.10; Tennessee, \$6.30, \$3.80; Miss Pascoe, \$3.40.

Seventh race—Mile and an eighth: Alice Loraine, \$15.10, \$8.10, \$5.30; Ethel F., \$5.52, \$1.30; Wee Boy, \$5.60.

## HELEN CAMPBELL IS JUNIOR NET CHAMP

Defeats Joan List, Also of Victoria, in Final at Duncan, 7-5, 6-2

Jack Brawn Retains Boys' Title; Five Finals Postponed By Rain

(Special to The Times)

Duncan, July 25.—Helen Campbell, of Victoria, and Jack Brawn, of Vancouver, carried off the honors in the two feature events of the junior lawn tennis tournament in progress here, when they won the boys' and girls' under eighteen titles yesterday afternoon. Seven finals were seen during the afternoon, but five remaining finals were postponed until to-day, owing to a heavy downfall of rain.

Miss Campbell, who captured the British Columbia title at the recent tournament in Victoria, won in straight sets over her clubmate, Joan List, 7-5, 6-2. Miss List put up a great fight in the first set but faltered in the second.

Brawn, who won his second straight championship, found little trouble in disposing of R. Galloway, of Sacramento, in straight sets, 7-5, 6-1. The two juniors uprooted some beautiful tennis but Brawn's terrific driving and line placements carried him to victory.

BROWN WINS ANOTHER

Brawn added another title to his credit when paired with Gerald Prevost, of Duncan, he defeated E. Leney, of South Cowichan, and Stow Lundie, in the final of boys' doubles under eighteen.

In the boys' under sixteen singles, R. Birch defeated N. McGregor, 6-2, 6-3. In the girls' final between Miss Horne, of Victoria, and Miss Olmstead, of Cobble Hill, the match was postponed on account of the rain.

Another title went to Victoria when D. Radford defeated E. Williams 7-5, 6-3, in the boys' singles under fourteen. In the girls' division Eleanor Young, of Vancouver, won from Audrey Tremayne, of Victoria, 3-6, 7-5, 6-4.

Yesterday's results follow:

Boys' Singles Under 14  
 Final—D. Bradford beat E. Williams, 7-5, 6-3.

Girls' Singles Under 14  
 Final—Miss Young beat Miss Tremayne, 6-4, 7-5, 6-4.

Girls' Doubles Under 14  
 Final—Misses Young and Pat Thwaites vs. Misses Young and Tremayne. Unplayed.

Boys' Doubles Under 14  
 Final—Bradford and Mellin beat Orane and Aldersey, 6-1, 6-3.

Mixed Doubles Under 14  
 Semi-finals—Malnguy and Miss Young beat Hoy and Miss McKenzie, 7-5, 6-2. Bradford and Miss Tremayne beat Roberts and Miss Pat Thwaites, 7-5, 6-2.

Boys' Singles Under 18  
 Final—J. Brawn beat R. Galloway, 7-5, 6-2.

Girls' Singles Under 18  
 Semi-final—Miss List beat Miss Clark, 6-1, 5-7, 6-3.

Final—Miss Campbell beat Miss List, 7-5, 6-2.

Boys' Doubles Under 18  
 Semi-final—Brawn and Prevost beat Stow Lundie and Harding, 6-2, 6-1.

Girls' Doubles Under 18  
 Semi-final—Galloway and Miss Horne beat Leney and Miss List, 6-4, 6-8, 7-5.

Final—Galloway and Miss Horne vs. Brawn and Miss Campbell. Unplayed.

Boys' Singles Under 16  
 Semi-final—M. McGregor beat T. Lundie, 6-4, 7-5.

Final—Birch beat McGregor, 6-2, 6-3.

Girls' Singles Under 16  
 Final—Miss Oldham vs. Miss Horne. Discontinued, with score one set all.

## Writhing In Pain Fields Wins Title On a Foul Punch

Chicago Shiek New Welterweight Champion After Being Sent to Canvas by What Looked Like Deliberate Foul Punch by Joe Dundee in Second Round; Fields Rolls Over Three Times in Attempt to Get to His Corner; Dundee Receives \$50,000 Before Entering Ring for Defending Title; New Titleholder May Be Matched With Jimmy McLarnin.

Detroit, Mich., July 26.—Jackie Shields, sheik of Chicago, rules to-day as undisputed welterweight champion of the world. Fields won the title last night, defeating Joe Dundee the titleholder on a foul, in the second round of the scheduled fifteen-round battle. Dundee, knocked down twice in the second round, out loose with a sweeping right-hand punch that landed deep in the foul territory, a minute and fifty-five seconds after the round opened. Fields collapsed and rolled over three times in an attempt to get near his corner.

## INVADING STARS WIN MATCHES

California Tennis Players Dominate Play in Washington State Tournament

Seattle, July 26.—An invading band of net stars from California captured a lion's share of important matches in the Washington State tennis championships here yesterday.

Led by the dynamic Larry Driscoll of San Francisco, who eliminated one of Seattle's best bets, five southerners forged into the quarter finals of the men's singles, while three feminine aces copped three semi-final places.

Driscoll, winner of the Pacific northwest singles title at Tacoma last week, easily disposed of Windy Langley of Seattle, 6-3, 6-2.

Driscoll made every shot look easy and had Langley running all over the court.

TURENNE WINS

Two California men were eliminated, one by a "native son" and the other by Leon De Turenne, Seattle's team captain. Ed Levy of San Francisco won a hard-fought match from Frank Gove of Palo Alto, 6-3, 5-7, 6-2, while De Turenne conquered Harry Plymre of Palo Alto, 6-1, 6-4.

Worth Oswald of Spokane, who upset the dope to eliminate Dan Lewis of Seattle yesterday, fell to-day before the brilliant playing of Jerry Bartosh of Los Angeles. Bartosh entered the quarter finals of the men's singles to-day there will be two international matches.

Frank Shields, of New York, ranked tenth in the United States, will play Crocker, Montreal, in the upper half of the semi-final to-day, while Johnny Doe, of Santa Monica, Cal. will meet Jack Wright, of Montreal.

Miss Olive Wade, Toronto, and Mrs. A. F. Reiss, Saginaw, Mich., will be the women's finalists as the result of their semi-final victories yesterday.

Mrs. Reiss defeated Mrs. O. E. Gray, Miss Wade's sister, 8-6, 6-2, in the semi-final yesterday. Miss Wade, who recently won the Ontario title, won over Mrs. E. F. Coke, Toronto, 6-0, 6-4, in the other semi-final.

Crocker entered the semi-finals of the men's open singles by defeating the veteran New Yorker, F. C. Baggis, in the quarter-finals, 6-3, 6-3, 6-2, 6-3.

GRUELLING MATCHES

Jack Wright withstood a determined challenge when he defeated Gilbert Nunn, of Toronto, No. 3, in a grueling five-set match, and also entered the semi-finals. The score was 6-1, 1-6, 6-1, 2-6, 7-5.

Doe defeated Walter Martin, Regina, Sask., 2-6, 6-2, 6-3.

Shields defeated Charlie Leslie, Montreal, 0-6, 5-7, 6-0, 6-1, 7-5.

Mrs. H. L. Baggis and Mrs. Rybert, of Ottawa, won their way into the finals of the women's doubles by defeating Mrs. F. V. Woodbury and Miss McCurrie, Ontario champions.

## McDUFFY

By BARRIE PAYNE

**NO SYMPATHY FROM LIGHTNIN'**  
 MY GAME WAS TERRIBLE LIGHTNIN'—I WAS NEVER SO ASHAMED OF MYSELF IN MY WHOLE LIFE! I'LL NEVER BE ABLE TO LIFT MY HEAD UP AGAIN!

**YOU SURE DONE IT! PLENTY OF TIMES!**

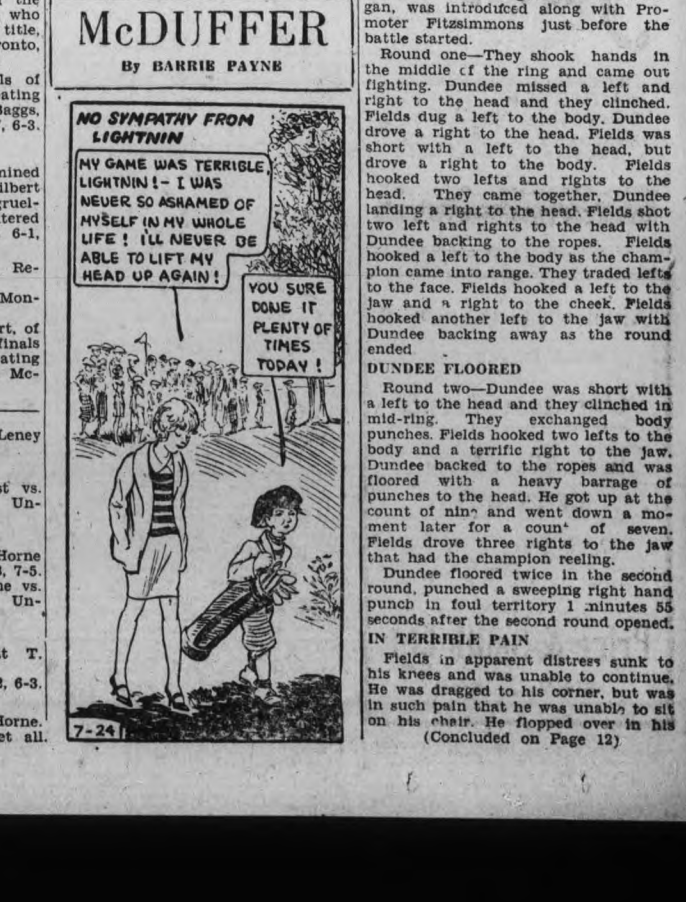

Round one—Dundee was short with a left to the head and they clinched in mid-ring. They exchanged body punches. Fields hooked two lefts to the body and a terrific right to the jaw. Dundee landed a right to the head. Fields was short with a left to the head, but drove a right to the body. Fields hooked two lefts and rights to the head. They came together, Dundee landing a right to the head. Fields shot two lefts and rights to the head with Dundee backing to the ropes. Fields hooked a left to the body as the champion came into range. They traded lefts to the face. Fields hooked a left to the jaw and a right to the cheek. Fields hooked another left to the jaw with Dundee backing away as the round ended.

**DUNDEE FLOORED**  
 Round two—Dundee was short with a left to the head and they clinched in mid-ring. They exchanged body punches. Fields hooked two lefts to the body and a terrific right to the jaw. Dundee landed a right to the head. Fields was short with a left to the head, but drove a right to the body. Fields hooked two lefts and rights to the head. They came into range. Fields hooked a left to the body as the champion came into range. They traded lefts to the face. Fields hooked a left to the jaw and a right to the cheek. Fields hooked another left to the jaw with Dundee backing away as the round ended.

Dundee floored twice in the second round, punched a sweeping right hand punch in foul territory 1 minute 55 seconds after the second round opened.

**IN TERRIBLE PAIN**  
 Fields in apparent distress sunk to his knees and was unable to continue. He was dragged to his corner, but was in such pain that he was unable to sit on his chair. He flopped over in his corner.

(Continued on Page 12)

# Barnes In Fine Form to Lead In Canadian Open

## Veteran Pro Has Fine Score of 66; Canadian Second

Ernie Wakelman, Twenty-nine-year-old Pro From Brockville, Ontario, Has Card of 68; Tommy Armour and Billy Burke Each Have 69's; Von Elm Leads Amateurs With 71; Leo Diegel, Present Champion, Has a Par 70; Barnes Has Five Birdies During His Round.

Kanawaki, July 26—"Long Jim" Barnes, retired professional golfer of New Rochelle, N.Y., who scorns knickers, showed a little respect for par over the Kanawaki Course yesterday and with a great 66 led the field in the first round of the Canadian open golf championship. The former United States and British open champion, compiled his score early in the day and despite an all-day assault it stood when the day's work was done.

Little Ernie Wakelman, twenty-nine-year-old pro from Brockville, Ont., a product of English golf by way of Hoylake, occupied second place last night with 68. The Ontario pro, who was formerly at Kent, Quebec, advanced to the runner-up position before the shades of evening began to fall over the course. Two other sub-par scores, a pair of 69's returned by Tommy Armour, Detroit, former United States and Canadian open champion, and Billy Burke, Westport, New York state

open champion, represented a tie for the "place" position. The free predictions that the stars of two countries would drive the par 70 of Kanawaki to cover where slightly premature. Only this quartette of able golf citizens could shade it. An overnight rain took some of the roll from the ball, and after all was said and done par was far from disgraced. Emmott French, Southern Pines, N.C.; Leo Diegel, the defending champion from Mexico, and George Eldor, Montreal pro, equaled it, and everybody else was over.

### ELM LEADS AMATEURS

George Van Elm, Detroit, star amateur contributor to golf, led the amateurs home with 71, a mark equaled by Bill Melhorn and Joe Kirkwood. The two Smiths, MacDonald and Horton stood at 72, with Bobby Burns, Montreal pro; C. F. Perkins, West Hartford, Conn., and Carl Lacey, Pine Valley pro. There were many 73's, including Walter Hagen, Ross Somerville, the Canadian amateur champion; George Cummings, veteran Toronto pro; Al Watrous, John Golden, Willie Cox, Nille Lamb, Toronto, Canadian Pro Golf Association champion; Harry Towleson, Ottawa; Joe Turner, R. J. Batley, Kent, Que., and Jack Forrester. Gene Sarazen, sometimes in trouble when he should not have been, required 74 strokes, and Henry Ouellet, Bridgeport, Conn., took 76; Abe Espinosa, Chicago, pro, took 79.

### HAS FOUR BIRDIES

Jim Barnes picked up four birdies on the first six holes, at the second, fifth and sixth, and then it was easy sailing. He stuck to par until he reached the turn, where he took a four for the one-shot ninth. Coming home he was not pitching quite so well, but he got a birdie at the going out, but he got a birdie at the sixth and played the other holes in par.

Wakelman, runner-up for the day, followed the order of the leader's play. He had five, one over par, at the first, but never again did he bow his knee to the old man of the game. Three birdies on the first nine enabled him to start home with a count of 33, two under par, and then all he had to do was to hold his own to get in just over the tall Cornishman. When his time had been conceded the honors of the day, Wakelman took the figures on the card seriously and duplicated them at every hole to finish with 35 for the second nine and 68 for the round. The young Brockville pro was asked if they were dropping for him. "Yes, of course," he replied. "They have to drop to score 68, but I did not hole many long putts and did not hole out the green." Leo Diegel, defending champion, complained bitterly that he was not hitting his shots, although there was nothing a saint handful of the big field which would not accept his score of par with thanks. The second round of 18 holes will be played to-day.

## PLAY-OFF DATES ARE ANNOUNCED

Victoria Lacrosse Champs Will Meet Vancouver For Hartnett Trophy

Vancouver, July 26—Secretary Corey Hays of the B.C. Amateur Lacrosse Association announces two more play-off series, challenges having been received from Victoria in the senior "B" grade and from New Westminster Midgets.

The Vancouver senior "B" league finishes on August 5. The second and third teams in the standing will play a sudden-death game for the right to play the league leaders home and home games for the championship. The champions will then play home and home games with Victoria for the Hartnett Trophy which will be awarded this year for the first time. The game will be about August 15. At present Richmond leads the local league with a point margin over the Vancouver Maple Leafs. Westminster is third with the Maralomas last.

In the Midget division the play-off will start Tuesday for the league title, the winner to play New Westminster week after next.

### Old Country Cricket

London, July 26.—Closing scores in English cricket to-day: Navy 102 and 243, for seven wickets; Army, 365. Derby, 324; Sussex, 493. Warwick, 239 and 116; Yorks, 192 and 100 for three wickets. Leicester, 377; Middlesex, 335. Lancashire, 347 and 264 for three wickets; Kent, 335. Hants, 340 and 152 for one wicket; Essex, 192. Glamorgan, 506 for eight wickets declared; Worcester, 232 for eight wickets. Somerset, 411; Notts, 219.

## As Good As the Best—By Jimmy Thompson

Not so long ago, the famous Canadian sprinter, Cyril Coaffee, made the statement that Johnny Fitzpatrick was to become the sprint champion of Canada but Percy Williams threw a monkey wrench into the idea and grabbed the laurels for himself. But this has by no means dulled the prospects of the young Hamilton lad. At the recent meet at Vancouver he was right up in front with some of the best sprinters in the world.

The coach of the American Olympic team said: "In John Fitzpatrick the Canadians have one of the best short distance prospects in the world to-day. He possesses everything a great sprinter needs and unless I am mistaken he should give them all a good run."

## WINNIPEG SCULLER IN RARE FORM

Elsworth Bole Surprises By Reaching Finals of Singles at Canadian Henley

Will Meet Detroit Oarsmen For Title; Canadian University Crews Win

St. Catharines, Ont., July 26.—After coming all the way from Winnipeg, Elsworth Bole, sturdy western oarsman, rowed his way yesterday into the final for the association singles on the Royal Canadian Henley course. His display of the features of the forty-seventh annual regatta of the Canadian Association of Amateur Oarsmen, winning by twelve lengths over Victor Brett, St. Catharines, in the first heat of the singles Bole created a fine impression. He is expected to furnish keen competition to-day in the final against Weimeyer, Detroit, who easily defeated Munnell, Toronto.

Both McGill University and the University of Toronto won their heats in the 150-pound eights. McGill defeated Toronto Argonauts, and the latter defeated University of Toronto and McGill University by a length.

### SOFTBALL

Although the Eureka's nicked Dowds Parfitt Brothers' pitcher, for six runs in the seventh inning to come within one tally of the leaders' count, they failed to score during the remainder of the game and allowed Parfitt to gain a 16-15 victory in the second fixture in the city softball playoffs at Central Park last night.

Drizzling rain caused many errors to creep into the play of both teams and accounted for several runs which should never have been scored. Parfitt took an early lead and held it throughout the game despite the Eureka's rally in the seventh.

The third and final game will be played on Monday evening on the same diamond. This evening Axioms will oppose the Harmony squad on the Central Park upper diamond. Barneswell will umpire.

In the other ladies' game of the evening the Rainbows will clash with the New Method Laundry at the lower diamond with Saxton umpiring.

FINAL GAME

Victoria Wests, champions of the Westholme Softball League, and Marigold, winners of similar honors last year, will clash in the final game of the Westholme knockout series at Victoria West Park to-night.

Both teams are at full strength for the encounter and should provide plenty of thrills for those who turn

## Canadian Bisley Team Presented To Queen Mary

London, July 26.—Lieut.-Colonel G. T. Chisholm of Toronto, commandant; Lieut.-Colonel R. M. Blair of Vancouver, winner of the King's Prize, and the remainder of the Canadian Bisley team were informally presented to the Queen at the garden party at Buckingham Palace yesterday. The Canadian team sails for the Dominion on the steamship Montrose to-day, but Lieut.-Colonel Blair will not return until the steamship Duchess of York sails on August 2.

out to see the squads wind up the league.

L. Jones and Doug Banks will form the battery for the Wests, while Thomas is expected to hurl for Marigold. Norris Kerr and Laurie Wooster will referee and the teams will be selected from the following: Victoria West—D. Burnett, D. Munro, H. Youdon, I. Spence, C. Wallace, D. Banks, A. Wagland, J. Carmichael, S. Smith, K. Thompson, L. Jones, V. Jones, R. Pepin and T. Burnett. Marigold—E. Finchback, C. Thomas, E. Hanbury, S. McKennie, J. Patterson, H. Rowe, J. Tillyer, J. Roach, D. Paine, H. Robertson, A. McPhee and K. Dempsey.

## Augie Walsh is Placed on Open Market by L.A.

Los Angeles, July 26.—Augie Walsh, right-handed pitcher formerly with the Philadelphia Nationals, is to get another chance in the majors. He was placed in the open market yesterday by J. F. Patrick, president of the Los Angeles club, Pacific Coast Baseball League.

Patrick said he feels certain that Walsh will be drafted by the majors unless he is sold before the draft period, so decided he might as well use the pitcher in a trade.

### JABBY

## Giants Fall Apart And Cubs Increase Lead Over Pirates

Chicago Administers Third Straight Whipping to McGraw's Punch-drunk Clan; Hack Wilson Again Hits Hard; St. Louis Cards Creep Up; Athletics Go on Batting Rampage, Getting Twenty-five Hits; Jimmy Foxx Crashes Two Home Runs.

Much to the embarrassment of John McGraw, the New York Giants' current western tour to date has been a constant source of satisfaction to the growling Cubs of Chicago, traditional foes of McGraw teams.

For the third straight day the Cubs yesterday administered a beating to McGraw's punch-drunk Giants, 8-5, thereby increasing their lead over the second place Pittsburgh Pirates to one full game.

In justice to the Giants, it might be said that they put up a fight to save something out of the wreckage of their series with the Cubs. They gave Red-thatched Larry Benton a two-run lead in the second inning, then, after the Cubs had tied it up in the sixth, scored three more runs in the seventh and held a 5-4 advantage as the Cubs came to bat in the last half of the eighth.

Then the storm broke. Singles by Gorman and pinch-hitter Hazen Cuyler brought another pinch-batsman, Gabby Hartnett, to the plate. McGraw then yanked Benton and sent Karl Hubbell to the mound. Gabby's sacrifice fly brought home the tying run. A walk, an error by Andy Cohen, an infield single by Rogers Hornsby and Hack Wilson's screeching double brought in three more runs and decided the game beyond all doubt. Wilson incidentally hit two doubles and his 26th home run during the day. Mel Ott drove out homer No. 27 in the second inning.

Blake started on the Cub mound but gave way to Mike Cengros, who received credit for the win, although he pitched only the eighth inning. Guy Bush finished up.

The St. Louis Cards, now operating under the personal guidance of Bill McKenchie, advanced to within three and a half games of the third-place Giants by trouncing the Phillies for the third straight time 10-3. Jess Haines' hold the Cards to four hits, one of which was Chuck Klein's 30th of the season.

Behind clever pitching by Red Lucas, the Cincinnati Reds buried the Boston Braves under a 14-2 count and evened series with two victories apiece. Lucas held the Braves to nine scattered hits and got four safeties himself. The Reds got twenty-one hits in all, five of them going to Evar Swanson.

There were only two games in the American League but in one of them the Philadelphia Athletics drove out twenty-five hits to crush Cleveland ten and a half game. Nine runs in the first frame decided the game and allowed Lefty Grove to win his seventeenth game without extending him out. In the 15 hit column were two home runs by Jimmy Foxx, his twenty-first and twenty-second of the season, and four base drives by Grove and Haas, as well as doubles by Grove, Dykes, Hays, Simmons and Burns.

Fred Marberry weakened in the late innings and the Chicago White Sox eked out a 3-1 victory over Washington in ten innings. The Senators got only six hits off Walsh, McKenchie and Welland. Marberry was reached for nine.

NATIONAL LEAGUE  
At Chicago—R. H. E.  
New York..... 5 8 1  
Cleveland..... 3 10 3  
Philadelphia..... 3 4 0  
St. Louis..... 10 15 0

**Mrs. Wilding And Mrs. Spencer Win Prizes at Colwood**

In the women's monthly bogey competition played at the Colwood Golf Club yesterday, Mrs. Wilding was the 91 class "A" winner finishing 3 up. In the "B" class Mrs. Spencer carried off the prize with a score of 3 down.

## HALF THE WEIGHT AND TWICE THE WEAR A Better Boot

### The Working Man

BLUTIP is the remarkable new workboot that has become popular in a few weeks throughout the entire West. It is a lighter boot with a specially tanned sole that wears twice as long as ordinarily. Blutip is a comfort to the feet and moderately priced. Easily identified by its sole tip colored blue and the Blutip trademark on the sole. Made entirely of Western Canadian hides and leathers tanned in the Leckie Tannery. For every worker—city, farm or field.

**BLUTIP**

Made by J. LECKIE CO. LTD., VANCOUVER, B.C.

## He'll Be Out Again On Saturday!

The Stermol Mystery Man has been having a holiday, but he will be back on the job again on Saturday giving away five dollar bills as usual.

All you have to do to get into the game is to have your engine filled with Stermol and get a Black Cat Stermol Sticker on your windshield... then find the Mystery Man.

Stermol will add new pep and power to your engine because it holds its body... gives you better compression... even after you have run several hundred miles. The quality of Stermol is so outstanding that you can actually feel the difference. Try it this week.

Stermol W.F. Lt., Med. and Rev., Russian Engine Oil, Stermol, B and BB, Ford-noyl and Grease.

## Frock Lengths From France

With Pleated Skirt Piece

Perhaps you did not know that it would be possible to provide yourself with a charming sports frock; a real French sports frock such as Mademoiselle wears on the gay "plage" for just ten dollars plus a little work, a very little work, in making up.

The fabrics are woven from very fine wool yarns, and are shown in the most charming and varied designs. The skirts are pleated, all ready to put on waist, and there is sufficient matching material to make a blouse or a coat with long sleeves. You may judge of the final effect by the picture on the pretty French box. Look at these and choose the "robe" most suited to your individuality.

Price ..... \$10.00  
—Main Floor, HBC

# Use of Spring Balance Scales Brings Fines

Fines totaling \$60, and costs amounting to \$15, were collected in City Police Court this morning because six Chinese vendors failed to procure properly authorized weighing machines for their goods.

To charges laid by G. L. Brodie, inspector of weights and measures, Young, Chong, Lee Wong, Lim Gun, Lee Gun and Lee all pleaded guilty, and fines of \$10 and \$250 costs were imposed on each.

Several types of spring balances were exhibited to the court in connection with the cases. Mr. Brodie explained this type of scale was no longer authorized by the Government.

# NEWS IN BRIEF

Applications of A. Melcor and P. L. Naysmith for membership in the Chamber of Commerce were approved by the board of directors to-day.

The Glize Temple Shrine Band, under the baton of Bandmaster J. M. Miller, will entertain radio listeners over CFCB at 8:30 this evening.

There will be a general meeting of the Canadian Pensioners' Association to-night at 9 o'clock, at 720 Fisgard Street. All members are urged to attend.

George Fallardieu, charged with a statutory offence in City Police Court, was dismissed this morning by Magistrate George Jay at the conclusion of a preliminary hearing of the case.

Phillip Tom, an Indian, was sentenced to ten days' imprisonment when he pleaded guilty in City Police Court to a charge of driving an automobile while intoxicated. Gus Morris was fined \$5 for being drunk.

John A. Melver of Vancouver, Grand Master Workman of the Ancient Order of United Workmen, will meet members in Victoria in Lodge No. 7 to-night. All United Workmen are particularly requested to be present.

Throwing up a large column of smoke which was visible from many parts of the city, a fire broke out in grass and bushes on the top of Signal Hill, Esquimalt, about 2:30 o'clock this afternoon. The Esquimalt fire department responded to an alarm sent in shortly afterwards. No houses were endangered by the flames, although the 9.2 battery of the military station there was menaced.

# OBITUARY

Mrs. Sussana Millhouse, aged seventy-one years, born in Waterloo County, Ontario, and a resident of Victoria for the last six weeks, passed away this morning at the Jubilee Hospital. The late Mrs. Millhouse is survived by her son, Allan, of 1907 Belmont Avenue, with whom she resided; C. Millhouse of Saskatoon, three sisters and two brothers. Short services will be conducted this evening at 7:30 at the Sands Funeral Chapel, and the remains will be forwarded to Saskatoon on the night boat, where the remains will be laid to rest in the family plot.

The funeral of the late Mrs. Eliza A. Maynard will take place to-morrow afternoon, proceeding from McCall Bros' Funeral Home to Oaklands Gospel Hall, at Hillside terminus, where service will be held at 2:30 o'clock. Interment will be made in Royal Oak Burial Park.

The funeral of George Babbington will take place to-morrow afternoon at 3:30 o'clock, from the Sands Funeral Chapel, under the auspices of Victoria Lodge No. 1, Independent Order of Odd Fellows. Rev. F. A. P. Chadwick will officiate and the remains will be laid to rest in the Royal Oak Burial Park.

# LATE SPORT TOMMY ARMOUR CAPTURES LEAD

Has 36-Hole Score of 138 in Canadian Open Golf Championship

Kanawaki, Que., July 26.—Tommy Armour, pro, Detroit, was just as good to-day as he was yesterday and his 49 in two days placed him well in the lead in the Canadian open golf championship, with a thirty-six-hole score of 138. Out in 34, three under par, the former open champion of Canada and the United States, came in with 35, to cut a stroke from perfect golf and lead Billy Burke, who had established himself as temporary leader.

Willie Lamb, Canadian P.G.A. champion, scored 75 to-day for a two-round count of 148.

Walter Hagen took 72 for a thirty-hole total of 145, well among the leaders. Robert Cunningham, Toronto, scored 75 for a total of 153.

Abe Espinosa, Chicago, had 72 to-day for 151. Al Watrous scored 73 for 145. Willie Spital, Toronto; Tom Kerrigan, New York, were tied at 147. Charlie Lacey, Philadelphia, made 74 to-day for 146. Joe Turnesa got a 77 for a total of 150.

Robert Mitchell, Massena, N.Y., had a 69 for 148. Gordon Taylor, Toronto, scored 76 for 151. D. A. Ferguson, Toronto, 72 for 151.

George Von Elm, the star amateur from Detroit, had a terrible time coming home, taking 43 strokes for an eighteen-hole count of 79 for 150.

Present condition of all crops in Saskatchewan and Alberta was given as lower than last week owing to severe heat and almost complete lack of rainfall.

A bush fire at Gordon Head this afternoon threatened the fine home of Walter Patterson, and the Saanich fire apparatus is engaged in combating the outbreak.

When discovered at 1:30 o'clock by Mr. Patterson, the fire had a good hold in brush on Vantage Point, between the sea and Ferndale Road.

**GREAT APPLE CROP**  
Vancouver, July 26.—Reports from eastern Canada indicate Nova Scotia, New Brunswick, Quebec and Ontario will have an apple crop of approximately 2,420,000 barrels, as compared with 1,750,000 last year, according to the weekly letter of the committee of direction.

December wheat attained the best price of the year at \$1.57 1/2, the other months stopping a fraction short of the peak level reached a week ago yesterday. The high for July wheat to-day was \$1.46, and for September \$1.50 1/2, the broadest advance coming in the early hours. The close was near the day's bottom figures.

Corn closed at \$1.01 1/2 for July, \$1.04 1/2 for September, 98 1/2 to 99 1/2 cents for December and \$1.02 for March.

Three Mexican youths are hiking from Merida, Yucatan, to Buenos Ayres. The estimate it will take a year and a half.

# GOAT MEN JOIN SAANICH POSSES IN COUGAR HUNT

Big Mountain Lion Is Now Operating Near Cedar Hill

R. J. Costello Gets Bad Scarer Like C. E. Yearwood the Night Before

Goat owners in the Cedar Hill section to-day joined the armed posses which patrolled the roads and paths on the lookout for the big cougar which has been feeding fat on chickens, cats and small dogs around the Cadboro and Cordova Bay districts and which gave C. E. Yearwood such a fright Wednesday night when he jumped in front of Mr. Yearwood's car on Estevan Road just back of Willows Beach, Oak Bay.

R. J. Costello of Quadra Street about 7 o'clock last night got as bad a scare as Mr. Yearwood did the night before when suddenly the big mountain lion jumped in front of his car as he was traveling along the Cedar Hill Road. Mr. Costello said the animal seemed anxious to be on his way as fast as possible as if he had been pretty well scared.

In the meantime Chief Syme of the Oak Bay police force has his gun polished up and on the qui vive for a cougar call.

# LOOK OUT, COUGAR

"If any cougar thinks he can get fresh around this municipality, he is going to get shot where it hurts worst the first time he pops his head up where we can see him," the Chief explained. "We won't stand for any panthering around here."

Last night cars from the city were cruising around the Estevan Road district carrying anxious men, women and children eager to get a glimpse of the cougar. Most of the cars had all the windows closed, as one of the occupants explained, "you can never tell which way a panther will jump."

Just which way the cougar is headed to-day, the posses operating in the Cedar Hill section were unable to say at a late hour to-day. They said they would stay hot on the big fellow's trail, however, as they feared that he would be liable to make a big kill within the next twelve hours, as no kills have been reported since Mr. Yearwood scared it with his motor car.

This hungry condition of the cougar has stimulated the goat owners of the south end of Saanich to join the posses as it is feared that feeding in need of a big meal, the cougar may pick on the numerous goats which are pastured in the fields there.

# WHEAT ESTIMATE ON PLAINS HALF OF LAST YEAR'S

Pool Statistician Puts Present Condition at Fifty-three Per Cent of Normal

Winnipeg, July 26.—Present condition of the wheat crop in the prairie provinces is fifty-three per cent of normal, as compared with 102 per cent at the corresponding time last year, according to a report given out to-day by A. Cairns, statistician of the Wheat Pool. The report was based on information received yesterday from pool crop correspondents.

Conditions by provinces were given as follows: Wheat—Manitoba, 60; Saskatchewan, 55; Alberta, 44. Oats—Manitoba, 45; Saskatchewan, 53; Alberta, 42. Barley—Manitoba, 50; Saskatchewan, 58; Alberta, 44.

All Manitoba points report rain needed; fifty per cent saying rain was urgently needed as crops were suffering severely. Only four Saskatchewan correspondents reported sufficient moisture, the remainder requiring rain. Sixty-four per cent reported rain was urgently needed and crops suffering severely. Fifty per cent of the Saskatchewan crop correspondents told of excessive heat and thirty per cent said hot winds had damaged the grain. All the Alberta correspondents said rain was needed, fifty per cent saying rain was urgently required as the crops were suffering severely.

There was a slight improvement in the condition of the Manitoba wheat crop, due to the latter part of last week, particularly in the western part of the province.

Present condition of all crops in Saskatchewan and Alberta was given as lower than last week owing to severe heat and almost complete lack of rainfall.

A bush fire at Gordon Head this afternoon threatened the fine home of Walter Patterson, and the Saanich fire apparatus is engaged in combating the outbreak.

When discovered at 1:30 o'clock by Mr. Patterson, the fire had a good hold in brush on Vantage Point, between the sea and Ferndale Road.

**GREAT APPLE CROP**  
Vancouver, July 26.—Reports from eastern Canada indicate Nova Scotia, New Brunswick, Quebec and Ontario will have an apple crop of approximately 2,420,000 barrels, as compared with 1,750,000 last year, according to the weekly letter of the committee of direction.

December wheat attained the best price of the year at \$1.57 1/2, the other months stopping a fraction short of the peak level reached a week ago yesterday. Three Mexican youths are hiking from Merida, Yucatan, to Buenos Ayres. The estimate it will take a year and a half.

# KINSMEN WILL HONOR FOUNDER AT "BENVENUTO"

Members of the Victoria Kinsmen Club will to-night attend a dinner at the residence of Mr. and Mrs. R. P. Butchart in honor of Harold Rogers, Esq., of Hamilton, Ontario, the founder of the Kinsmen Club movement, who is a visitor to the city. A large turnout is expected for the function which commences at 7 o'clock. It is Mr. Rogers' first visit to the British Columbia capital and he is assured a hearty welcome by his fellow Kinsmen. R. P. Butchart was the first honorary member of the local club.

# MEDICAL CLINIC FOR CITY WOULD BE BENEFICIAL

R. W. Mayhew Speaks of Opportunities For Progress in Victoria

Victoria, in its development, must develop along its own lines and not along those of other cities, in the opinion of R. W. Mayhew, vice-president and acting chairman of the Victoria Chamber of Commerce.

For this reason it would be distinctly advantageous for the city to have a medical clinic and a large auditorium, according to suggestions advanced by Mr. Mayhew at a meeting of the chamber directors to-day.

"We who are working toward progress in the city must first of all find out what we really need. But we must then proceed along these lines," Mr. Mayhew said. "We talk about our climate but do little to capitalize it. We certainly think that Victoria is well adapted for an up-to-date medical clinic."

Mr. Mayhew suggested that to further this proposal it would be a good idea to form a doctors' section in the chamber. There were at present only one doctor and one dentist allied with the board, he pointed out.

Furthermore, Mr. Mayhew said, the city was in need of an industrial department. The C.P.R. was spending huge sums of money to improve its hotel and attract people to the city, but there was no large hall in which a good-sized convention could meet. This was an idea worthy of consideration, he declared.

Mr. Mayhew also spoke of the city from an industrial standpoint. Victoria's slogan in this respect should be "not mass production, but production of the highest and best type," he said, pointing out that the fostering of the city's smaller industries was an object at which to aim.

Another suggestion of the vice-president was the development of an art gallery at the provincial library, which offered wonderful possibilities. "Of course, things like that would take years to develop," he added. "But a year is nothing in the life of this Province."

Parfitt supported Mr. Mayhew's idea of a medical clinic, further suggesting that the board should communicate with the medical society along these lines.

**PROGRESS**  
Reginald Parfitt, M.P.P., pointed out that the V.D. "medical clinic" was one with a broad sense. Victoria had already developed a child clinic, he said, and results had been so good that the city had practically the lowest infant mortality rate of any place in the world. The provincial tuberculosis hospital had also done excellent work, as had the V.D. clinics at Nanaimo. Medical men were now considering the establishment of an X-ray clinic.

# INTEREST KEEN IN EXCURSION

Trip to Port Renfrew Wednesday to Be Featured By Visit to Logging Scenes

Considerable interest is being shown by citizens in the excursion to Port Renfrew, which will take place on Wednesday next. There has been a heavy demand for tickets during the last few days, and it is expected that the limited number of tickets available will all be booked within a few days. A new feature in connection with the trip will be the special entertainment at Cathlamet and Sotenon logging camps, who have expressed their willingness to place a logging train at the disposal of the Chamber of Commerce in order that members of the excursion party may enjoy a fourteen-mile rail trip through the heart of logging activities in the Port Renfrew district. Another interesting feature of this district is a beautiful hard-packed sand beach, an idea of the size of which may be gained through the report that forty automobiles are parked in line between the water and the land at low tide. This is the first time a one-day excursion to the West Coast of Vancouver Island has ever been arranged.

# FIRE CHIEFS' CONVENTION

Vancouver, July 26.—Business sessions of the four-day convention of the Pacific Coast Association of Fire Chiefs were concluded this morning with the unanimous election of Fire Chief E. P. Coop of Pasadena, Cal., to succeed Chief Thomas Graham of Corvallis, Ore., as association president.

Chief Charles Swenson of Everett, Wash., and Chief W. J. Mohr of Santa Monica, Cal., were elected respectively to the first and second vice-presidents. State Fire Marshal J. V. Stevens of California was re-elected secretary, and Chief Joseph Woods of Renton, Wash., was re-elected treasurer. Chief William Cooper of Richmond, Cal., was elected assistant secretary.

An executive committee of three was appointed as follows: Chairman, Chief Thomas Graham, Corvallis, Ore.; Chief Edwin Grenfell, Portland, and Chief H. A. Johnson, Ventura, Cal.

The convention assembly decided to readmit the fire chiefs of Alberta, Saskatchewan, Manitoba and Wyoming to membership in the Pacific Coast Association.

Thirty-two thousand tons of babassu nuts were grown in San Luis, Maranhao, Brazil, last year.

# ORDER SHOWING PROGRESS HERE

Good Templars Discuss Diamond Jubilee Session to Be Held in Vancouver

Favorable reports of the progress of the Independent Order of Good Templars throughout the province were given by O. S. Moore, Grand Chief Templar, at a meeting of the Victoria Lodge No. 16, I.O.G.T., at the home of Mrs. C. A. Laing, Grand Chaplain, 1122 Ormond Street, last night.

Mr. Moore, who visited the Onward Lodge No. 2, Nanaimo, Wednesday evening, spoke of the activities of the order. Discussion concerning preparations for the coming Grand Lodge session in Vancouver in September was entered into with great enthusiasm. Mention of the Supreme Lodge session in Stockholm next year was also made.

The convention in Vancouver will mark the diamond jubilee anniversary of the founding of the lodge in Victoria. It was here, sixty years ago, that the Perseverance Lodge was formed and many members of the early units, which followed the first in British Columbia, are expected to attend the Mainland gathering.

During the open meeting of the Grand Lodge all features of the history of the provincial body will be dealt with and old members will have an opportunity of meeting many of their friends, who will attend the meeting.

Members of Linnea Lodge, No. 76, will be hosts at the gathering.

Following the meeting last night a hearty vote of thanks was extended to the Grand Chief Templar for his work in the order's cause. Refreshments were served during the evening.

# Two Chinese Are Fined \$100 Under Factories Act

Two fines of \$100 were imposed under the Factories Act in City Police Court this morning on Chinese who pleaded guilty to keeping their laundries in operation after 7 p.m. The offenders were remanded until next Wednesday in order that certificates of previous conviction may be entered by the prosecution.

Sam Kee and Lee Wo Lung both pleaded guilty to charges brought against them by the inspector of factories. Previous convictions on May 2, 1928, were recorded again; each, and the court imposed the minimum fine of \$100. Costs were set at \$2.50 in each case.

Quong Sing and Gee Kee, while admitting the present offence, denied any previous conviction, and Gordon Cameron, acting for the prosecution, requested an adjournment until July 31 to enter certificates of previous conviction.

Following the meeting last night a hearty vote of thanks was extended to the Grand Chief Templar for his work in the order's cause. Refreshments were served during the evening.

# BIG STRIKES IN TWO ARGENTINE TOWNS

Buenos Ayres, July 26.—A general strike was called for 9 a.m. to-day by port workers at Rosario and Santa Fe as a result of failure to reach an agreement between the stevedores and their employers. The street car drivers quit work last night.

Thus far the movement is confined to the Rosario vicinity, but it is feared it may spread to Buenos Ayres, where the workers have declared sympathy for them.

# Overnight Entries For Hastings Park

Overnight entries at Hastings Park, Saturday, July 27.

First race—Six and one-half furlongs, the Lamba, claiming; three-year-olds and up.

## TO-DAY'S GRAIN MARKETS

Chicago, July 26.—Donovan's crop report from Fargo today says:

"There is some good wheat close to Fargo, but the neighborhood as a whole is poor, with many fields not worth cutting. It is estimated that there is about 100,000 bushels of wheat in the area, but conditions are getting worse on both sides of the line. Black rust is doing some damage in the late stand of late fields and it is feared damage will be heard of later further north in what little good wheat there is in northeastern Manitoba."

(By Branson, Brown & Co. Ltd.)

Winnipeg, July 26.—Wheat opened strong with prices about 3¢ above the close last night. However, the buying power, which was again largely local and speculative, soon became exhausted and liquidation of long wheat developed in fair volume, and continued throughout most of the session, with the result that all the early advance was lost, prices sinking under the previous close.

There was nothing in the news to cause the selling and liquidations as everything continued bullish with no rains in spring wheat territory either side of the border, and another day passed with very high temperatures and no moisture in sight for today or Saturday.

Liverpool closed 3½ to 4½ higher, much stronger than day, while Buenos Aires was 1½ to 1¾ higher at noon. On the other hand, the market had a tremendous bulge in prices, and the futures evidently are running away from the cash market, which continues very dull, and while cash offerings are very light, buyers are showing little interest, their being no export business in Canadian wheat over night and spread on the lower grades were again wider.

The pool issued their weekly report this morning, and they placed the present condition of the wheat crop in the three provinces at 53 per cent of normal, as compared with 102 per cent at this time last year. This is a decrease of 49 per cent during the last week.

Practically all points reported the head of moisture, and the large majority reported rains urgently needed as crops are suffering severely. The report, while showing a serious condition, was not as bullish as expected. Conditions in Argentina and Australia are also very unfavorable, according to Bromhall, both countries suffering from the lack of moisture. On account of the serious condition of the new crop holders of cash wheat are not nervous about the situation, but they will receive for the various grades held. Futures closed unchanged in all months.

Coarse grain: Dull and featureless, outside of a little liquidation. Prices held most but eased off slightly in sympathy with the decline in wheat; barley ½ up to unchanged; rye ¼ to ½ lower.

Flax: Some scattered liquidation, no feature, closing prices 5½ to 6 lower.

Edith MacKay, 411 Helmcken Street, Victoria, B.C. (12).

Boy Who Did Extra Study Became Millionaire

"If I make the fires in the schoolhouse every day, and do other odd jobs for you, will you teach me Latin in the evenings?" asked John Archibald. John was twelve years old. His father was dead and the family was

very poor. He knew he would have to go to work soon, and there would be no more lessons for him. He wanted to learn as much as he could while he had the chance.

The schoolmaster smiled at the earnest lad, who was so ambitious he wanted to do extra lessons outside of school.

"Of course I will," he said. He was already giving special lessons to help boys prepare for college, but they were boys who could afford to pay for lessons.

"May I start right away?" asked the boy eagerly.

"Right away," nodded the teacher. So that day John made the fires, and so great was his desire to please that he almost set the school on fire!

John D. Archibald had to give up his lessons the next year and go to work in a store, though he kept up some of his studies at home. He became president of the Standard Oil Company when he grew up, and many times a millionaire. He was born on July 26, 1848.

## BEDTIME STORY

## Uncle Wiggly's Funny Game

Copyright, 1929, by McClure Newspaper Syndicate.

By HOWARD R. GARIS

Uncle Wiggly's hollow stump bungalow was built in the woods and the woods were not far from the edge of a city. In the city streets were lamps so boys and girls, men and women could see to go about after dark. Some of the lights were electric and others were of gas. The gas lamps had to be lighted each evening by boys who went about with flaring torches. When early morning daylight came the boy who had lighted the gas light the night before, crept sleepily around to turn it off.

This was once upon a time many years ago.

Now Uncle Wiggly used to hop along the woodland path from his hollow stump bungalow until he came to the end of the city street where the last gas light stood. This light was at the very end of the city and the very beginning of the country.

"I would like to climb up that lamp post!"

Many times, when taking his evening hop, Uncle Wiggly would see the boy come with his torch to light the last gas street lamp. And if Uncle Wiggly had to get up early to catch an adventure, he would, in the gray, pink dawn of the morning, also see the boy come to turn out the lamp. And sometimes, in the evening Uncle Wiggly would stroll along with Mr. Twistytail, the pig gentleman, to watch the bugs and moths fluttering around the last city or first country gas lamp.

"Do you know what I would like to do, Mr. Twistytail?" asked Uncle Wiggly of the pig gentleman one night as they stood near the gas lamp and watched it flicker.

"What would you like to do?" grunted the pig.

"Oh, just for a game," replied Mr. Longears with a laugh. "That would be a funny game," spoke the fat pig. "But it's lucky for you that the lamp post is too smooth for you to climb. So you can't put out the city street light. Very lucky for you."

"Why so?" Uncle Wiggly wanted to know.

"Because," grunted the pig, scratching his fat side against the lamp post, "if you put out the light at night before it is time, you might be arrested by a policeman, and I don't mean our Police Dog, either."

"Oh, I wouldn't let the policeman catch me!" chuckled Uncle Wiggly. "I'd shinny up the lamp post, turn out the gas and run back to my bungalow before he could catch me."

"Um! Um!" mumbled the pig. "Maybe. But it's a good thing for you

## To-morrow's Horoscope

SATURDAY, JULY 27, 1929  
Good and evil planetary influences contend to-day, according to astrology. It is a time for rest and recreation.

Early in the morning merchants should benefit through wise planning for later trade.

There is a fairly promising sign for those who seek employment or who ask favors of any sort.

For ocean travel the aspects are rather threatening, for they seem to indicate sudden storms as well as delays from other causes.

All who are returning from Europe may expect to encounter thoroughness in the customs inspection. The stars presage extreme strictness regarding trinkets as well as clothing.

Newspapers have for to-day the prediction of profit and much advertising. Sensational foreign news has been forecast.

Even though the stars appear to frown to-day the seers foretell good luck for those who would borrow money.

It is better to pay debts than to incur them, but those who are temporarily embarrassed should find relief rather easily under this planetary government.

While this configuration prevails there is likely to be much misunderstanding of men's motives and distrust of women's constancy. It is an unfortunate day for beginning long journeys or for promoting any new invention.

Persons whose birthdate it is may experience changes and surprises in the coming year. Financial affairs should be satisfactory.

Children born on this day probably will be exceedingly clever, aspiring and studious. Many of these subjects of Leo have scientific or artistic talents.

Sir George Airy, astronomer, was born on this day, 1801. Others who claimed it as a birthday were Andrew James Symington, Scottish author and critic, 1825; and Francis Bland, French artist, 1821.

(Copyright, 1929)

that you can't shinny up the slippery lamp post."

"I'm not so sure I can't," Uncle Wiggly said. "I'm going to try."

"No! Don't!" begged his pig friend. "I'm not going to stay here and see you get arrested. Come on home."

But Uncle Wiggly very much wanted to play the funny game of climbing out the gas street light, even though he had no torch with which to light it again. So he hopped closer to the lamp post and tried to climb it while Mr. Twistytail, gasping for breath, started to run away before a policeman came past.

But he need not have been worried. No policeman came and Uncle Wiggly could not climb the slippery post. So it seemed as if the funny game would never be played until, after a while and after much thinking, Uncle Wiggly did it.

At the foot of the lamp post, in the ground, the rabbit gentleman planted some seeds of a hop vine that grew very fast. This vine grew even faster than the vine from the beans planted by Jack the Giant Killer. Uncle Wiggly put the seeds in the ground at the foot of the lamp post one night.

The next night the vine was an inch high. The next night the vine was ten inches high. The next night the vine had climbed twenty inches up and begun to twine around the lamp post.

"Ah, ha!" chuckled Uncle Wiggly. "My funny game will soon be ready to play. When the vine was grown high enough and is twined all around the lamp post like a ladder, I can climb up and put out the light. Ha! Ha! What fun I'll have!"

The boy who, each night, came with his torch to light the lamp began to notice, after a few evenings, the growing vine. But as it was almost in the country he did not think much more about it. Nor did he pull the vine down. So it grew and grew and at last it was like a green ladder winding up the lamp post.

"Ha!" exclaimed the boy. "This is real jolly. It makes the post very easy for me to climb. I don't have to scramble up it."

Uncle Wiggly, also, noticed how his vine was growing and one night he called to Mr. Twistytail: "Come and see me play the funny game of putting out the street light." And what happened next will be told in the story after this which will be called Uncle Wiggly in trouble.

But please don't let the Pussy Cat scratch its name on the sidewalk.
